This quarterly report on Form 10-Q is for the three months ended March 31, 2024. The United States Securities and Exchange Commission (“SEC”) allows us to “incorporate by reference” information that we file with the SEC, which means that we can disclose important information to you by referring you directly to those documents. In this quarterly report, “CCO Holdings,” “we,” “us” and “our” refer to CCO Holdings, LLC and its subsidiaries.

## **CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS**

This quarterly report includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, regarding, among other things, our plans, strategies and prospects, both business and financial including, without limitation, the forward-looking statements set forth in Part I, Item 2. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this quarterly report. Although we believe that our plans, intentions and expectations as reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions including, without limitation, the factors described under "Risk Factors" in Part I, Item 1A of our most recent Form 10-K filed with the SEC. Many of the forward-looking statements contained in this quarterly report may be identified by the use of forward-looking words such as "believe," "expect," "anticipate," "should," "planned," "will," "may," "intend," "estimated," "aim," "on track," "target," "opportunity," "tentative," "positioning," "designed," "create," "predict," "project," "initiatives," "seek," "would," "could," "continue," "ongoing," "upside," "increases," "grow," "focused on" and "potential," among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this quarterly report are set forth in this quarterly report on Form 10-Q, in our annual report on Form 10-K, and in other reports or documents that we file from time to time with the SEC, and include, but are not limited to:

- our ability to sustain and grow revenues and cash flow from operations by offering Internet, video, voice, mobile, advertising and other services to residential and commercial customers, to adequately meet the customer experience demands in our service areas and to maintain and grow our customer base, particularly in the face of increasingly aggressive competition, the need for innovation and the related capital expenditures;
- the impact of competition from other market participants, including but not limited to incumbent telephone companies, direct broadcast satellite ("DBS") operators, wireless broadband and telephone providers, digital subscriber line ("DSL") providers, fiber to the home providers and providers of video content over broadband Internet connections;
- general business conditions, unemployment levels and the level of activity in the housing sector and economic uncertainty or downturn;
- our ability to obtain programming at reasonable prices or to raise prices to offset, in whole or in part, the effects of higher programming costs (including retransmission consents and distribution requirements);
- our ability to develop and deploy new products and technologies including consumer services and service platforms;
- any events that disrupt our networks, information systems or properties and impair our operating activities or our reputation;
- the effects of governmental regulation on our business including subsidies to consumers, subsidies and incentives for competitors, costs, disruptions and possible limitations on operating flexibility related to, and our ability to comply with, regulatory conditions applicable to us;
- the ability to hire and retain key personnel;
- our ability to procure necessary services and equipment from our vendors in a timely manner and at reasonable costs including in connection with our network evolution and rural construction initiatives;
- the availability and access, in general, of funds to meet our debt obligations prior to or when they become due and to fund our operations and necessary capital expenditures, either through (i) cash on hand, (ii) free cash flow, or (iii) access to the capital or credit markets; and
- our ability to comply with all covenants in our indentures and credit facilities, any violation of which, if not cured in a timely manner, could trigger a default of our other obligations under cross-default provisions.

All forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by this cautionary statement. We are under no duty or obligation to update any of the forward-looking statements after the date of this quarterly report.

## **1. Organization and Basis of Presentation**

### **Organization**

CCO Holdings, LLC (together with its subsidiaries, “CCO Holdings,” or the “Company”) is a leading broadband connectivity company and cable operator. Over an advanced communications network, the Company offers a full range of state-of-the-art residential and business services including Spectrum Internet®, TV, Mobile and Voice. For small and medium-sized companies, Spectrum Business® delivers the same suite of broadband products and services coupled with special features and applications to enhance productivity, while for larger businesses and government entities, Spectrum Enterprise® provides highly customized, fiber-based solutions. Spectrum Reach® delivers tailored advertising and production for the modern media landscape. The Company also distributes award-winning news coverage and sports programming to its customers through Spectrum Networks.

CCO Holdings is a holding company whose principal assets are the equity interests in its operating subsidiaries. CCO Holdings is a direct subsidiary of CCH I Holdings, LLC, which is an indirect subsidiary of Charter Communications, Inc. (“Charter”), Charter Communications Holdings, LLC (“Charter Holdings”) and Spectrum Management Holding Company, LLC (“Spectrum Management”). All of the outstanding capital stock of CCO Holdings Capital Corp. is owned by CCO Holdings. The consolidated financial statements include the accounts of CCO Holdings and all of its subsidiaries where the underlying operations reside. All significant intercompany accounts and transactions among consolidated entities have been eliminated. Charter, Charter Holdings and Spectrum Management have performed financing, cash management, treasury and other services for CCO Holdings on a centralized basis. Changes in member’s equity in the consolidated balance sheets related to these activities have been considered cash receipts (contributions) and payments (distributions) for purposes of the consolidated statements of cash flows and are reflected in financing activities.

The Company’s operations are managed and reported to its Chief Executive Officer (“CEO”), the Company’s chief operating decision maker, on a consolidated basis. The CEO assesses performance and allocates resources based on the consolidated results of operations. Under this organizational and reporting structure, the Company has one reportable segment.

### **Basis of Presentation**

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) and the rules and regulations of the Securities and Exchange Commission (the “SEC”). Accordingly, certain information and footnote disclosures typically included in the Company’s Annual Report on Form 10-K have been condensed or omitted for this quarterly report. The accompanying consolidated financial statements are unaudited and are subject to review by regulatory authorities. However, in the opinion of management, such financial statements include all adjustments, which consist of only normal recurring adjustments, necessary for a fair presentation of the results for the periods presented. Interim results are not necessarily indicative of results for a full year.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Areas involving significant judgments and estimates include capitalization of labor and overhead costs, pension benefits and income taxes. Actual results could differ from those estimates.

Comprehensive income equaled net income attributable to CCO Holdings member for the three months ended March 31, 2024 and 2023.

Stock options generally expire ten years from the grant date and restricted stock units have no voting rights. Restricted stock generally vests one year from the date of grant.

As of March 31, 2024, total unrecognized compensation remaining to be recognized in future periods totaled \$469 million for stock options, \$0.2 million for restricted stock and \$688 million for restricted stock units and the weighted average period over which they are expected to be recognized is three years for stock options, one month for restricted stock and two years for restricted stock units.

The Company recorded stock compensation expense of \$214 million and \$208 million for the three months ended March 31, 2024 and 2023, respectively, which is included in operating costs and expenses.

#### **10. Contingencies**

The Company and its parent companies are defendants or co-defendants in several lawsuits involving alleged infringement of various intellectual property relating to various aspects of their businesses. Other industry participants are also defendants in certain of these cases or related cases. In the event that a court ultimately determines that the Company infringes on any intellectual property, the Company may be subject to substantial damages and/or an injunction that could require the Company or its vendors to modify certain products and services the Company offers to its subscribers, as well as negotiate royalty or license agreements with respect to the intellectual property at issue. While the Company believes the lawsuits are without merit and intends to defend the actions vigorously, no assurance can be given that any adverse outcome would not be material to the Company's operations, consolidated financial condition, results of operations, or liquidity. The Company cannot predict the outcome of any such claims nor can it reasonably estimate a range of possible loss.

The Company and its parent companies are party to other lawsuits, claims and regulatory inquiries or investigations that arise in the ordinary course of conducting their business or in connection with the Company's participation in government funding programs. The ultimate outcome of these other legal matters pending against the Company cannot be predicted, and although such lawsuits and claims are not expected individually to have a material adverse effect on the Company's operations, consolidated financial condition, results of operations or liquidity, such lawsuits could have, in the aggregate, a material adverse effect on the Company's operations, consolidated financial condition, results of operations or liquidity. Whether or not the Company ultimately prevails in any particular lawsuit or claim, litigation can be time consuming and costly and injure the Company's reputation.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

### **General**

CCO Holdings, LLC ("CCO Holdings") is a holding company whose principal assets are the equity interests in its operating subsidiaries. CCO Holdings is a direct subsidiary of CCH I Holdings, LLC, which is an indirect subsidiary of Charter Communications, Inc. ("Charter"), Charter Communications Holdings, LLC ("Charter Holdings") and Spectrum Management Holding Company, LLC. All of the outstanding capital stock of CCO Holdings Capital Corp. is owned by CCO Holdings. The consolidated financial statements include the accounts of CCO Holdings and all of its subsidiaries where the underlying operations reside. All significant intercompany accounts and transactions among consolidated entities have been eliminated.

We are a leading broadband connectivity company and cable operator serving more than 32 million customers in 41 states through our Spectrum brand. Over an advanced communications network, we offer a full range of state-of-the-art residential and business services including Spectrum Internet, TV, Mobile and Voice. For small and medium-sized companies, Spectrum Business delivers the same suite of broadband products and services coupled with special features and applications to enhance productivity, while for larger businesses and government entities, Spectrum Enterprise provides highly customized, fiber-based solutions. Spectrum Reach delivers tailored advertising and production for the modern media landscape. We also distribute award-winning news coverage and sports programming to our customers through Spectrum Networks.

### **Overview**

During the first quarter of 2024, we lost 72,000 Internet customers while adding 486,000 mobile lines. Our Internet customer growth was challenged by the competitive environment, lower customer move rates and the restriction on adding new customers to the Federal Communication Commission's Affordable Connectivity Program ("ACP") after February 7, 2024. Our mobile line growth continued to benefit from our Spectrum One offering, which provides a differentiated Internet connectivity experience by bringing together Spectrum Internet, Advanced WiFi and Unlimited Spectrum Mobile to offer consumers fast, reliable and secure online connections on their favorite devices at home and on the go in a high-value package.

We expect that government subsidies for our 5.0 million current ACP customers will run out in May 2024, unless the program is allocated additional funding. We expect to implement retention programs for the customers who will lose the ACP subsidy, however, we expect to see a one-time impact on customer net gains, revenue per customer and bad debt in the second and third quarters of this year.

We spent \$427 million on our subsidized rural construction initiative during the three months ended March 31, 2024, and activated approximately 73,000 subsidized rural passings. We currently offer Spectrum Internet products with speeds up to 1 Gbps across our entire footprint. Our network evolution initiative is progressing whereby we are upgrading our network to deliver symmetrical and multi-gigabit speeds across our footprint, and recently began offering symmetrical speeds in our first high split markets. We also continue to evolve our video product and are deploying Xumo stream boxes ("Xumo") to new video customers. Xumo combines a live TV experience with access to hundreds of content applications and features unified search and discovery along with a curated content offering based on a customer's interests and subscriptions. In the first quarter of 2024, we began offering Disney+ and ESPN+ to customers in certain packages at no additional cost and we expect to offer additional direct-to-consumer applications in the coming months.

By continually improving our product set and offering consumers the opportunity to save money by switching to our services, we believe we can continue to penetrate our expanding footprint and sell additional products to our existing customers. We are beginning to see operational benefits from the targeted investments we are making in employee wages and benefits to build employee skill sets and tenure, as well as the continued investments in digitization of our customer service platforms, all with the goal of improving the customer experience, reducing transactions and driving customer growth and retention.

We realized revenue, Adjusted EBITDA and income from operations during the periods presented as follows (in millions; all percentages are calculated using whole numbers; minor differences may exist due to rounding):

	Three Months Ended March 31,		
	2024	2023	% Change
Revenues	\$ 13,679	\$ 13,653	0.2 %
Adjusted EBITDA	\$ 5,471	\$ 5,322	2.8 %
Income from operations	\$ 3,112	\$ 2,904	7.2 %

Adjusted EBITDA is defined as net income attributable to CCO Holdings member plus net income attributable to noncontrolling interest, interest expense, net, income taxes, depreciation and amortization, stock compensation expense, other income (expenses), net and other operating (income) expenses, net, such as special charges and (gain) loss on sale or retirement of assets. See “Use of Adjusted EBITDA and Free Cash Flow” for further information on Adjusted EBITDA and free cash flow.

Growth in total revenue was primarily due to growth in our residential mobile service, residential Internet and advertising sales revenues mostly offset by lower residential video revenue. Adjusted EBITDA and income from operations growth was driven by growth in revenue and decreases in operating costs and expenses, primarily programming expense, partly offset by an increase in mobile device and other mobile direct costs. Income from operations was also affected by a gain on the sale of towers and lower depreciation and amortization expense.

The following table summarizes our customer statistics for Internet, video, voice and mobile as of March 31, 2024 and 2023 (in thousands except per customer data and footnotes).

<sup>(a)</sup> We calculate the aging of customer accounts based on the monthly billing cycle for each account in accordance with our collection policies. On that basis, as of March 31, 2024 and 2023, customers include approximately 110,000 and 119,800 customers, respectively, whose accounts were over 60 days past due, approximately 42,600 and 42,100 customers, respectively, whose accounts were over 90 days past due and approximately 283,100 and 217,800 customers, respectively, whose accounts were over 120 days past due. The increase in accounts past due more than 120 days is predominately due to pre-existing and incremental unsubsidized amounts of customers' bills for those customers participating in government assistance programs, including video services. These customers are downgraded to a subsidized Internet-only service. Bad debt expense associated with these past due accounts has been reflected in our consolidated statements of operations.

<sup>(b)</sup> Customer relationships include the number of customers that receive one or more levels of service, encompassing Internet, video, voice and mobile services, without regard to which service(s) such customers receive. Customers who reside in residential multiple dwelling units ("MDUs") and that are billed under bulk contracts are counted based on the number of billed units within each bulk MDU. Total customer relationships exclude enterprise and mobile-only customer relationships.

<sup>(c)</sup> Monthly residential revenue per residential customer is calculated as total residential quarterly revenue divided by three divided by average residential customer relationships during the respective quarter and excludes mobile-only customers.

<sup>(d)</sup> Monthly SMB revenue per SMB customer is calculated as total SMB quarterly revenue divided by three divided by average SMB customer relationships during the respective quarter and excludes mobile-only customers.

- (e) Mobile lines include phones and tablets which require one of our standard rate plans (e.g., "Unlimited" or "By the Gig"). Mobile lines exclude wearables and other devices that do not require standard phone rate plans.
- (f) Enterprise PSUs represent the aggregate number of fiber service offerings counting each separate service offering at each customer location as an individual PSU.

### Critical Accounting Policies and Estimates

For a discussion of our critical accounting policies and the means by which we develop estimates therefore, see "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2023 Annual Report on Form 10-K. There have been no material changes from the critical accounting policies described in our Form 10-K.

### Results of Operations

The following table sets forth the consolidated statements of operations for the periods presented (dollars in millions):

	Three Months Ended March 31,	
	2024	2023
Revenues	\$ 13,679	\$ 13,653
<b>Costs and Expenses:</b>		
Operating costs and expenses (exclusive of items shown separately below)	8,422	8,539

**Revenues.** Total revenues grew \$26 million for the three months ended March 31, 2024 compared to the corresponding period in 2023 primarily due to growth in residential mobile service, residential Internet and advertising sales revenues, partly offset by lower residential video revenue.

Revenues by service offering were as follows (dollars in millions; all percentages are calculated using whole numbers; minor differences may exist due to rounding):

	Three Months Ended March 31,		
	2024	2023	% Change
Internet	\$ 5,826	\$ 5,718	1.9 %
Video	3,908	4,254	(8.1)%
Voice	374	373	0.3 %
Mobile service	685	497	37.8 %
Residential revenue	10,793	10,842	(0.4)%
Small and medium business	1,088	1,091	(0.3)%
Enterprise	708	682	3.8 %
Commercial revenue	1,796	1,773	1.3 %
Advertising sales	391	355	10.0 %
Other	699	683	2.4 %
	<u>\$ 13,679</u>	<u>\$ 13,653</u>	<u>0.2 %</u>

The increase in Internet revenues from our residential customers is attributable to the following (dollars in millions):

	Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)
Increase related to rate and product mix changes	\$ 90
Increase in average residential Internet customers	18
	<u>\$ 108</u>

The increase related to rate and product mix was primarily due to promotional rate step-ups and rate adjustments, partly offset by lower bundled revenue allocation. Residential Internet customers decreased by 7,000 customers from March 31, 2023 to March 31, 2024.

Video revenues consist primarily of revenues from video services provided to our residential customers, as well as franchise fees, equipment service fees and video installation revenue. The decrease in video revenues is attributable to the following (dollars in millions):

	Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)
Decrease in average residential video customers	\$ (310)
Decrease related to rate and product mix changes	(36)
	<u>\$ (346)</u>

Residential video customers decreased by 1,149,000 from March 31, 2023 to March 31, 2024. The decrease related to rate and product mix was primarily due to a higher mix of lower priced video packages within our video customer base, partly offset by promotional rate step-ups and video rate adjustments that pass-through programming rate increases.

The increase in voice revenues from our residential customers is attributable to the following (dollars in millions):

	<b>Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)</b>
Increase related to rate adjustments	\$ 50
Decrease in average residential voice customers	(49)
	<b>\$ 1</b>

Residential wireline voice customers decreased by 1,035,000 customers from March 31, 2023 to March 31, 2024.

The increase in mobile service revenues from our residential customers is attributable to the following (dollars in millions):

	<b>Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)</b>
Increase in average residential mobile lines	\$ 209
Decrease related to rate	(21)
	<b>\$ 188</b>

Residential mobile lines increased by 2,210,000 mobile lines from March 31, 2023 to March 31, 2024. The decrease related to rate is primarily related to the Spectrum One offering and is partly offset by higher bundled revenue allocation.

The decrease in SMB revenues is attributable to the following (dollars in millions):

	<b>Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)</b>
Decrease related to rate and product mix changes	\$ (8)
Increase in SMB customers	5
	<b>\$ (3)</b>

The decrease related to rate and product mix changes were primarily due to a higher mix of lower priced video packages and a lower number of voice lines per SMB customer relationship. SMB customers grew by 4,000 from March 31, 2023 to March 31, 2024.

Enterprise revenues increased \$26 million during the three months ended March 31, 2024 compared to the corresponding period in 2023 primarily due to an increase in Internet PSUs. Enterprise PSUs increased 20,000 from March 31, 2023 to March 31, 2024.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors, as well as local cable and advertising on regional sports and news channels. Advertising sales revenues increased \$36 million during the three months ended March 31, 2024 as compared to the corresponding period in 2023 primarily due to an increase in political ad revenue.

Other revenues consist of revenue from mobile and video device sales, processing fees, regional sports and news channels (excluding intercompany charges or advertising sales on those channels), subsidy revenue, home shopping, wire maintenance

fees and other miscellaneous revenues. Other revenues increased \$16 million during the three months ended March 31, 2024 compared to the corresponding period in 2023 primarily due to higher mobile device sales.

**Operating costs and expenses.** The decrease in our operating costs and expenses, exclusive of items shown separately in the consolidated statements of operations, are attributable to the following (dollars in millions):

	Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)
Programming	\$ (229)
Other costs of revenue	130
Costs to service customers	(1)
Sales and marketing	(26)
Other	9
	<hr/>
	\$ (117)

Programming costs were approximately \$2.6 billion and \$2.8 billion for the three months ended March 31, 2024 and 2023, representing 31% and 33% of total operating costs and expenses, respectively. Programming costs consist primarily of costs paid to programmers for basic, premium, video on demand, and pay-per-view programming. Programming costs decreased as a result of fewer video customers and a higher mix of lower cost video packages within our video customer base, partly offset by contractual rate adjustments, including renewals and increases in amounts paid for retransmission consent.

Other costs of revenue increased \$130 million during the three months ended March 31, 2024 compared to the corresponding period in 2023 primarily due to higher mobile service direct costs and mobile device sales due to an increase in mobile lines.

**Depreciation and amortization.** Depreciation and amortization expense decreased by \$17 million during the three months ended March 31, 2024 compared to the corresponding periods in 2023 primarily due to certain assets becoming fully depreciated partly offset by an increase in depreciation as a result of more recent capital expenditures.

**Other operating (income) expense, net.** The change in other operating (income) expense, net is attributable to the following (dollars in millions):

	Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)
Special charges, net	\$ 3
Gain on disposal of assets, net	(51)
	<hr/>
	\$ (48)

See Note 7 to the accompanying consolidated financial statements contained in "Item 1. Financial Statements" for more information.

**Interest expense, net.** Net interest expense increased by \$49 million for the three months ended March 31, 2024 compared to the corresponding period in 2023 primarily due to an increase in weighted average interest rates.

**Other expenses, net.** The change in other expenses, net is attributable to the following (dollars in millions):

	Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)
Loss on financial instruments, net (see Note 4)	\$ 23
Net periodic pension benefits	(1)
Loss on equity investments, net	(6)
	<hr/>
	\$ 16

See Note 8 and the Notes referenced above to the accompanying consolidated financial statements contained in “Item 1. Financial Statements” for more information.

**Income tax expense.** We recognized income tax expense of \$55 million and \$14 million for the three months ended March 31, 2024 and 2023, respectively.

**Net income attributable to noncontrolling interest.** Net income attributable to noncontrolling interest relates to our third-party interest in CV of Viera, LLP, a consolidated joint venture in a small cable system in Florida.

**Net income attributable to CCO Holdings member.** Net income attributable to CCO Holdings member increased \$133 million during the three months ended March 31, 2024 compared to the corresponding period in 2023 primarily as a result of the factors described above.

#### Use of Adjusted EBITDA and Free Cash Flow

We use certain measures that are not defined by U.S. generally accepted accounting principles (“GAAP”) to evaluate various aspects of our business. Adjusted EBITDA and free cash flow are non-GAAP financial measures and should be considered in addition to, not as a substitute for, net income attributable to CCO Holdings member and net cash flows from operating activities reported in accordance with GAAP. These terms, as defined by us, may not be comparable to similarly titled measures used by other companies. Adjusted EBITDA and free cash flow are reconciled to net income attributable to CCO Holdings member and net cash flows from operating activities, respectively, below.

Adjusted EBITDA eliminates the significant non-cash depreciation and amortization expense that results from the capital-intensive nature of our businesses as well as other non-cash or special items, and is unaffected by our capital structure or investment activities. However, this measure is limited in that it does not reflect the periodic costs of certain capitalized tangible and intangible assets used in generating revenues and our cash cost of financing. These costs are evaluated through other financial measures.

Free cash flow is defined as net cash flows from operating activities, less capital expenditures and changes in accrued expenses related to capital expenditures.

Management and Charter’s board of directors use Adjusted EBITDA and free cash flow to assess our performance and our ability to service our debt, fund operations and make additional investments with internally generated funds. In addition, Adjusted EBITDA generally correlates to the leverage ratio calculation under our credit facilities or outstanding notes to determine compliance with the covenants contained in the facilities and notes (all such documents have been previously filed with the Securities and Exchange Commission (the “SEC”)). For the purpose of calculating compliance with leverage covenants, we use Adjusted EBITDA, as presented, excluding certain expenses paid by our operating subsidiaries to other Charter entities. Our debt covenants refer to these expenses as management fees, which were \$371 million and \$374 million for the three months ended March 31, 2024 and 2023, respectively.

A reconciliation of Adjusted EBITDA and free cash flow to net income attributable to CCO Holdings member and net cash flows from operating activities, respectively, is as follows (dollars in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2024</b>	<b>2023</b>
Net income attributable to CCO Holdings member	\$ 1,663	\$ 1,530
Plus: Net income attributable to noncontrolling interest	1	—
Interest expense, net	1,305	1,256
Income tax expense	55	14
Depreciation and amortization	2,182	2,199
Stock compensation expense	214	208

<b>Adjusted EBITDA</b>	<b>\$ 5,471</b>	<b>\$ 5,322</b>
Net cash flows from operating activities	\$ 3,304	\$ 3,390
Less: Purchases of property, plant and equipment	(2,791)	(2,464)
Change in accrued expenses related to capital expenditures	(63)	(195)
<b>Free cash flow</b>	<b>\$ 450</b>	<b>\$ 731</b>

## Liquidity and Capital Resources

### *Introduction*

This section contains a discussion of our liquidity and capital resources, including a discussion of our cash position, sources and uses of cash, access to credit facilities and other financing sources, historical financing activities, cash needs, capital expenditures and outstanding debt.

### *Overview of Our Contractual Obligations and Liquidity*

We have significant amounts of debt and require significant cash to fund principal and interest payments on our debt. The principal amount of our debt as of March 31, 2024 was \$97.8 billion, consisting of \$14.6 billion of credit facility debt, \$55.9 billion of investment grade senior secured notes and \$27.3 billion of high-yield senior unsecured notes. Our split credit rating allows us to access both the investment grade debt market and the high yield debt market.

Our projected cash needs and projected sources of liquidity depend upon, among other things, our actual results, and the timing and amount of our expenditures. As we continue to grow our market penetration of our mobile product, we will continue to experience negative working capital impacts from the timing of device-related cash flows when we sell devices to customers pursuant to equipment installment plans. Free cash flow was \$450 million and \$731 million for the three months ended March 31, 2024 and 2023, respectively. See the table below for factors impacting free cash flow during the three months ended March 31, 2024 compared to the corresponding prior period. As of March 31, 2024, the amount available under our credit facilities was approximately \$2.9 billion and cash on hand was approximately \$422 million. We expect to utilize free cash flow, cash on hand and availability under our credit facilities as well as future refinancing transactions to further extend the maturities of our obligations. The timing and terms of any refinancing transactions will be subject to market conditions among other considerations. Additionally, we may, from time to time, and depending on market conditions and other factors, use cash on hand and the proceeds from securities offerings or other borrowings to retire our debt through open market purchases, privately negotiated purchases, tender offers or redemption provisions. We believe we have sufficient liquidity from cash on hand, free cash flow and Charter Operating's revolving credit facility as well as access to the capital markets to fund our projected cash needs.

We continue to evaluate the deployment of our cash on hand and anticipated future free cash flow, including investing in our business growth and other strategic opportunities, including expanding the capacity of our network, the expansion of our network through our rural broadband construction initiative, the build-out and deployment of our CBRS spectrum, and mergers and acquisitions as well as distributions to parent companies for stock repurchases and dividends. Charter's target leverage of net debt to the last twelve months Adjusted EBITDA remains at 4 to 4.5 times Adjusted EBITDA, and up to 3.5 times Adjusted EBITDA at the Charter Operating first lien level. Charter's leverage ratio was 4.4 times Adjusted EBITDA as of March 31,

2024. As Adjusted EBITDA grows, we expect to increase the total amount of our indebtedness to maintain leverage within Charter's target leverage range. Excluding purchases from Liberty Broadband Corporation ("Liberty Broadband") discussed below, during the three months ended March 31, 2024 and 2023, Charter purchased in the public market approximately 1.2 million and 2.2 million shares of Charter Class A common stock, respectively, for approximately \$391 million and \$821 million, respectively. Since the beginning of its buyback program in September 2016 through March 31, 2024, Charter has purchased approximately 160.0 million shares of Class A common stock and Charter Holdings common units for approximately \$72.6 billion, including purchases from Liberty Broadband and Advance/Newhouse Partnership ("A/N") discussed below.

In February 2021, Charter and Liberty Broadband entered into a letter agreement (the "LBB Letter Agreement"). The LBB Letter Agreement implements Liberty Broadband's obligations under the Amended and Restated Stockholders Agreement among Charter, Liberty Broadband and A/N, dated as of May 23, 2015 (as amended, the "Stockholders Agreement") to participate in share repurchases by Charter. Under the LBB Letter Agreement, Liberty Broadband will sell to Charter, generally on a monthly basis, a number of shares of Charter Class A common stock representing an amount sufficient for Liberty Broadband's ownership of Charter to be reduced such that it does not exceed the ownership cap then applicable to Liberty Broadband under the Stockholders Agreement at a purchase price per share equal to the volume weighted average price per share paid by Charter for shares repurchased during such immediately preceding calendar month other than (i) purchases from A/N, (ii) purchases in privately negotiated transactions or (iii) purchases for the withholding of shares of Charter Class A common stock pursuant to equity compensation programs of Charter. During the three months ended March 31, 2024 and 2023, Charter purchased from Liberty Broadband 0.2 million and 0.1 million shares of Charter Class A common stock, respectively, for approximately \$81 million and \$42 million, respectively.

In December 2016, Charter and A/N entered into a letter agreement, as amended in December 2017 (the "A/N Letter Agreement"), that requires A/N to sell to Charter or to Charter Holdings, on a monthly basis, a number of shares of Charter Class A common stock or Charter Holdings common units that represents a pro rata participation by A/N and its affiliates in any repurchases of shares of Charter Class A common stock from persons other than A/N effected by Charter during the immediately preceding calendar month, at a purchase price equal to the average price paid by Charter for the shares repurchased from persons other than A/N during such immediately preceding calendar month. A/N and Charter both have the right to terminate or suspend the pro rata repurchase arrangement on a prospective basis. During the three months ended March 31, 2024 and 2023, Charter Holdings purchased from A/N 0.3 million and 0.3 million Charter Holdings common units, respectively, for approximately \$95 million and \$122 million, respectively.

As of March 31, 2024, Charter had remaining board authority to purchase an additional \$263 million of Charter's Class A common stock and/or Charter Holdings common units, excluding purchases from Liberty Broadband. Although Charter expects to continue to buy back its common stock consistent with its leverage target range, Charter is not obligated to acquire any particular amount of common stock, and the timing of any purchases that may occur cannot be predicted and will largely depend on market conditions and other potential uses of capital. Purchases may include open market purchases, tender offers or negotiated transactions. To the extent such purchases occur, CCO Holdings and its subsidiaries are the primary source for funding such purchases through distributions to their parent companies.

As possible acquisitions, swaps or dispositions arise, we actively review them against our objectives including, among other considerations, improving the operational efficiency, geographic clustering of assets, product development or technology capabilities of our business and achieving appropriate return targets, and we may participate to the extent we believe these possibilities present attractive opportunities. However, there can be no assurance that we will actually complete any acquisitions, dispositions or system swaps, or that any such transactions will be material to our operations or results.

## **Free Cash Flow**

Free cash flow decreased \$281 million during the three months ended March 31, 2024 compared to the corresponding prior period in 2023 due to the following (dollars in millions):

	<b>Three months ended March 31, 2024 compared to three months ended March 31, 2023 Increase / (Decrease)</b>

## ***Financial Information about Guarantors, Issuers of Guaranteed Securities, Affiliates Whose Securities Collateralize a Registrant's Securities and Consolidated Subsidiaries***

Each of CCO Holdings, Charter Operating, Time Warner Cable, LLC and Time Warner Cable Enterprises LLC (collectively, the “Issuers”) and substantially all of Charter Operating’s direct and indirect subsidiaries (the “Obligor Subsidiaries” and together with the Issuers, collectively, the “Obligor Group” and each an “Obligor”) jointly, severally, fully and unconditionally guarantee the outstanding debt securities of the respective Issuers (other than the CCO Holdings unsecured notes) and Charter Operating’s credit facilities on a senior basis (collectively, the “Guaranteed and Secured Debt”). Such guarantees are pari passu in right of payment with all senior indebtedness of the guarantors and senior in right of payment to subordinated obligations of the guarantors. Each guarantee will be limited to the maximum amount that can be guaranteed by the relevant guarantor without rendering the relevant guarantee, as it relates to that guarantor, voidable or otherwise ineffective or limited under applicable law, and enforcement of each guarantee would be subject to certain generally available defenses. The Guaranteed and Secured Debt is structurally subordinated to the creditors (including trade creditors) and preference shareholders (if any) of Charter Operating’s non-guarantor subsidiaries.

The Guaranteed and Secured Debt and the subsidiary guarantees thereof are also secured by (i) a lien on substantially all of the assets of Charter Operating and the Obligor Subsidiaries, to the extent such lien can be perfected under the Uniform Commercial Code by the filing of a financing statement, and (ii) a pledge of substantially all of the equity interests of subsidiaries owned by Charter Operating or the Obligor Subsidiaries (the “Pledged Equity Interests”), as well as intercompany obligations owing to it by any of such entities ((i) and (ii) collectively, the “Collateral”). In addition, payments of a mortgage note, currently outstanding for approximately \$292 million, incurred by a single-asset special purpose entity to finance construction of the first building of the Charter headquarters in Stamford, Connecticut are guaranteed by the Obligor Group and rank equally with the liens on the Collateral securing the Guaranteed and Secured Debt. No assets of any of Charter Operating’s non-guarantor subsidiaries (including any capital stock owned by any such subsidiary) will constitute Collateral. The subsidiary guarantees are effectively senior to all unsecured debt or debt secured by junior liens of the subsidiary guarantors, in each case to the extent of the value of the collateral securing the guarantee obligations of the subsidiary guarantors. Upon the occurrence and during the continuance of an event of default under the Guaranteed and Secured Debt, subject to the terms of an intercreditor agreement, the security documents governing the Guaranteed and Secured Debt provide for (among other available remedies) the foreclosure upon and sale of the Collateral by the collateral agent(s) of the respective Guaranteed and Secured Debt and the distribution of the net proceeds of any such sale to the holders and/or the lenders of the Guaranteed and Secured Debt on a pro rata basis, subject to any prior liens on the Collateral. We believe there is no separate trading market for the Pledged Equity Interests.

Certain Charter Operating subsidiaries that are regulated entities are only designated as guarantor subsidiaries, and certain related assets (including the capital stock of such regulated entities) are only required to be pledged as Collateral, upon approval by regulators. The guaranteed obligations and collateral of an Obligor Subsidiary (including Pledged Equity Interests) may be released under certain circumstances permitted under the documentation governing the Guaranteed and Secured Debt, including if an Obligor Subsidiary no longer qualifies as a “Subsidiary” of Charter Operating under transactions not prohibited by the Charter Operating credit agreement.

See Note 8 to the consolidated financial statements contained in our 2023 Annual Report on Form 10-K for further details about the terms, conditions and other factors that may affect payments to holders and the collateral arrangements of the Guaranteed and Secured Debt.

Because the assets, liabilities and results of operations of the combined Obligor Group are not materially different than corresponding amounts presented in the consolidated financial statements of CCO Holdings, summarized financial information of the Obligor Group have been omitted pursuant to SEC Regulation S-X Rule 13-01, *Financial Statements of Guarantors and Issuers of Guaranteed Securities Registered or Being Registered* and S-X Rule 13-02, *Affiliates Whose Securities Collateralize Securities Registered Or Being Registered*.

#### ***Limitations on Distributions***

Distributions by us and our subsidiaries to a parent company for payment of principal on parent company notes are restricted under CCO Holdings indentures governing CCO Holdings' indebtedness, unless there is no default under the applicable indenture, and unless CCO Holdings' leverage ratio test is met at the time of such distribution. As of March 31, 2024, there was no default under any of these indentures, and CCO Holdings met its leverage ratio test based on March 31, 2024 financial results. There can be no assurance that CCO Holdings will satisfy its leverage ratio test at the time of the contemplated distribution.

In addition to the limitation on distributions under the various indentures, distributions by our subsidiaries may be limited by applicable law, including the Delaware Limited Liability Company Act, under which our subsidiaries may only make distributions if they have “surplus” as defined in the act.

#### ***Historical Operating, Investing, and Financing Activities***

***Cash and Cash Equivalents.*** We held \$422 million and \$471 million in cash and cash equivalents as of March 31, 2024 and December 31, 2023, respectively.

***Operating Activities.*** Net cash provided by operating activities decreased \$86 million during the three months ended March 31, 2024 compared to the three months ended March 31, 2023, primarily due to the payment of litigation settlements in 2024 and an increase in cash paid for interest and taxes, partly offset by an increase in Adjusted EBITDA.

***Investing Activities.*** Net cash used in investing activities was \$2.9 billion and \$2.7 billion for the three months ended March 31, 2024 and 2023, respectively. The increase in cash used was primarily due to an increase in capital expenditures, partly offset by changes in accrued expenses related to capital expenditures.

***Financing Activities.*** Net cash used in financing activities decreased \$305 million during the three months ended March 31, 2024 compared to the three months ended March 31, 2023 primarily due to a decrease in distributions to parent companies, partly offset by a decrease in the amount by which borrowings of long-term debt exceeded repayments.

#### ***Capital Expenditures***

We have significant ongoing capital expenditure requirements. Capital expenditures were \$2.8 billion and \$2.5 billion for the three months ended March 31, 2024 and 2023, respectively. The increase was primarily driven by higher spend on network evolution and customer premise equipment, particularly Xumo, as well as an increase in line extensions in connection with our subsidized rural construction initiative and continued residential and commercial network expansion. See the table below for more details.

We currently expect full year 2024 capital expenditures to total between \$12.2 billion and \$12.4 billion, including line extensions of approximately \$4.5 billion and network evolution spend of approximately \$1.6 billion. The actual amount of

capital expenditures in 2024 will depend on a number of factors including, but not limited to, the pace of our network evolution and expansion initiatives, supply chain timing and growth rates in our residential and commercial businesses.

Our capital expenditures are funded primarily from cash flows from operating activities and borrowings on our credit facility. In addition, our accrued expenses related to capital expenditures decreased by \$63 million and \$195 million for the three months ended March 31, 2024 and 2023, respectively.

The following tables present our major capital expenditures categories in accordance with National Cable and Telecommunications Association (“NCTA”) disclosure guidelines for the three months ended March 31, 2024 and 2023. These disclosure guidelines are not required disclosures under GAAP, nor do they impact our accounting for capital expenditures under GAAP (dollars in millions):

	<b>Three Months Ended March 31,</b>	
	<b>2024</b>	<b>2023</b>

- <sup>(a)</sup> Customer premise equipment includes equipment and devices located at the customer's premise used to deliver our Internet, video and voice services (e.g., modems, routers and set-top boxes), as well as installation costs.
- <sup>(b)</sup> Scalable infrastructure includes costs, not related to customer premise equipment or our network, to secure growth of new customers or provide service enhancements (e.g., headend equipment).
- <sup>(c)</sup> Upgrade/rebuild includes costs to modify or replace existing fiber/coaxial cable networks, including our network evolution initiative.
- <sup>(d)</sup> Support capital includes costs associated with the replacement or enhancement of non-network assets (e.g., back-office systems, non-network equipment, land and buildings, vehicles, tools and test equipment).
- <sup>(e)</sup> Line extensions include network costs associated with entering new service areas (e.g., fiber/coaxial cable, amplifiers, electronic equipment, make-ready and design engineering).
- <sup>(f)</sup> The subsidized rural construction initiative subcategory includes projects for which we are receiving subsidies from federal, state and local governments, excluding customer premise equipment and installation.

#### **Recently Issued Accounting Standards**

See Note 19 to the Annual Report on Form 10-K for the year ended December 31, 2023 for a discussion of recently issued accounting standards. There have been no material changes from the recently issued accounting standards described in our Form 10-K.

#### **Item 3. Quantitative and Qualitative Disclosures About Market Risk.**

There have been no material changes to the interest rate risk as previously disclosed in Part II, Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2023.

**Item 4. *Controls and Procedures.***

As of the end of the period covered by this report, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of our design and operation of disclosure controls and procedures with respect to the information generated for use in this quarterly report. The evaluation was based upon reports and certifications provided by a number of executives. Based on, and as of the date of that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that the disclosure controls and procedures were effective to provide reasonable assurances that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based upon the evaluation, we believe that our controls provide such reasonable assurances.

During the quarter ended March 31, 2024, there was no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### Item 1. Legal Proceedings.

See Note 17 to our Annual Report on Form 10-K for the year ended December 31, 2023 for a discussion of legal proceedings, as updated by Note 10 to the accompanying consolidated financial statements contained in "Item 1. Financial Statements" of this quarterly report. Within this section, we use a threshold of \$1 million in disclosing environmental proceedings involving a governmental authority, if any.

### Item 1A. Risk Factors.

Our Annual Report on Form 10-K for the year ended December 31, 2023 includes "Risk Factors" under Item 1A of Part I. There have been no material changes from the risk factors described in our Form 10-K except as described below.

***Changes to the existing legal and regulatory framework under which we operate or the regulatory programs in which we or our competitors participate, including the possible elimination of the federal broadband ACP subsidy for low-income consumers, could adversely affect our business.***

There are ongoing efforts to amend or expand the federal, state and local regulation of some of the services offered over our cable systems, particularly our retail broadband Internet access service. Potential legislative and regulatory changes could adversely impact our business by increasing our costs and competition and limiting our ability to offer services in a manner that would maximize our revenue potential. These changes have in the past, and could in the future, include, for example, the reclassification of Internet services as regulated telecommunications services or other utility-style regulation of Internet services; restrictions on how we manage our Internet access services and networks; the adoption of new customer service or service quality requirements for our Internet access services; the adoption of new privacy restrictions on our collection, use and disclosure of certain customer information; new data security and cybersecurity mandates that could result in additional network and information security and cyber incident reporting requirements for our business; new restraints on our discretion over programming decisions; new restrictions on the rates we charge to consumers for one or more of the services or equipment options we offer; changes to the cable industry's compulsory copyright to retransmit broadcast signals; new requirements to assure the availability of navigation devices from third-party providers; new Universal Service Fund contribution obligations on our Internet service revenues that would add to the cost of that service; increases in government-administered broadband subsidies to rural areas that could result in subsidized overbuilding of our facilities; changes to the Federal Communications Commission's ("FCC") administration of spectrum; pending court challenges to the legality of the FCC's Universal Service programs, which, if successful, could adversely affect our receipt of universal service funds, including but not limited to FCC Rural Development Opportunity Fund ("RDOF") grants to expand our network, FCC E-rate funds to serve schools and libraries and FCC Rural Health Care funds to serve eligible health care providers; and changes in the regulatory framework for voice over Internet protocol ("VoIP") telephone service, including the scope of regulatory obligations associated with our VoIP telephone service and our ability to interconnect our VoIP telephone service with incumbent providers of traditional telecommunications service.

We participate in the ACP and RDOF subsidy programs. The ACP program provides up to a \$30 monthly subsidy enabling eligible low-income households to purchase our Internet products at a discount or, for a portion of those households, at no cost. The FCC prohibited service providers from enrolling new ACP customers after February 7, 2024 and has announced that April 2024 will be the last month ACP households will receive the full ACP discount and that ACP households may receive a partial ACP discount in May 2024. After May 2024, unless Congress provides additional funding, ACP households will no longer receive the ACP benefit and the ACP will end. If Congress does not provide additional funding, this will be disruptive to our business. We will lose customers and revenues and could face greater difficulty in providing services to low-income households in the future.

As a winning bidder in the FCC's RDOF auction in 2020, we must comply with numerous FCC and state requirements to continue receiving such funding. To comply with these requirements, in RDOF areas, we have chosen to offer certain of our VoIP telephone services, such as our Lifeline services, subject to certain traditional federal and state common carrier regulations. Additionally, in some areas where we are building pursuant to subsidy programs, we will offer certain of our broadband Internet access services subject to required discounts and other marketing-related terms. If we fail to comply with those requirements, the governing regulatory agency could consider us in default and we could incur substantial penalties or forfeitures. If we fail to attain certain specified infrastructure build-out requirements under the RDOF program, the FCC could also withhold future support payments until those shortcomings are corrected. Any failure to comply with the rules and

requirements of a subsidy grant could result in us being suspended or disbarred from future governmental programs or contracts for a significant period of time, which could adversely affect our results of operations and financial condition.

Participation in ACP, RDOF, and other government programs, including state subsidized builds, creates the risk of claims of our failure to adequately comply with the regulatory requirements of those programs. The FCC, and various state and federal agencies and attorney generals, may subject those programs, or other industry practices, to audits and investigations, which could result in enforcement actions, litigation, fines, settlements or reputational harm, and/or operational and financial conditions being placed on us, any of which could adversely affect our results of operations and financial condition.

If any laws or regulations are enacted that would expand the regulation of our services, they could affect our operations and require significant expenditures. We cannot predict future developments in these areas, and any changes to the regulatory framework for our Internet, video, mobile or VoIP services could have a negative impact on our business and results of operations.

It remains uncertain what rule changes, if any, will ultimately be adopted by Congress, the FCC, the Federal Trade Commission and state legislatures, and what operating or financial impact any such rules might have on us, including on the operation of our broadband networks, customer privacy and the user experience.
