Charter Communications Operating, LLC (“CCO”) and Charter Communications Operating Capital Corp. (“CCO Capital” and, together with CCO, the “Issuers”) hereby offer to exchange:

- new \$1,000,000,000 aggregate principal amount of 3.750% Senior Secured Notes due 2028 (the “new 3.750% 2028 notes”), the offer and sale of which have been registered under the Securities Act of 1933, as amended (the “Securities Act”), for any and all of the outstanding unregistered \$1,000,000,000 aggregate principal amount of their 3.750% Senior Secured Notes due 2028 (the “original 3.750% 2028 notes”);
- new \$1,250,000,000 aggregate principal amount of 4.200% Senior Secured Notes due 2028 (the “new 4.200% 2028 notes”), the offer and sale of which have been registered under the Securities Act, for any and all of the outstanding unregistered \$1,250,000,000 aggregate principal amount of their 4.200% Senior Secured Notes due 2028 (the “original 4.200% 2028 notes”); and
- new \$2,500,000,000 aggregate principal amount of 5.375% Senior Secured Notes due 2047 (the “new 2047 notes,” and together with the new 3.750% 2028 notes and the new 4.200% 2028 notes, the “new notes”), the offer and sale of which have been registered under the Securities Act, for any and all of the outstanding unregistered \$2,500,000,000 aggregate principal amount of their 5.375% Senior Secured Notes due 2047 (the “original 2047 notes,” and together with the original 3.750% 2028 notes and the original 4.200% 2028 notes, the “original notes”), in each case pursuant to the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of instruction (which together constitute the “exchange offer”).

This exchange offer expires at 5:00 p.m., New York City time, on November 27, 2017, unless extended (the “expiration date”).

No public market currently exists for the original notes or the new notes. We do not intend to list the new notes on any securities exchange or to seek approval for quotation through any automated quotation system.

This exchange offer is only being made for those original notes that were issued pursuant to Rule 144A and Regulation S promulgated under the Securities Act and which are identified by CUSIP Nos. 161175BE3, U16109AS6, 161175BG8, U16109AU1, 161175BD5, U16109AR8, U16109AT4 and U16109AV9. The terms of the new notes are identical in all material respects to those of the original notes, except for certain transfer restrictions and registration rights relating to the original notes. The new notes will be issued pursuant to, and entitled to the benefits of the indenture, dated as of July 23, 2015, by and among the Issuers, CCO Safari II, LLC and The Bank of New York Mellon Trust Company, N.A., as trustee (in such capacity, the “Trustee”) and as collateral agent (in such capacity, the “Collateral Agent”), as supplemented by the fifth supplemental indenture, dated as of April 20, 2017, by and among the Issuers, CCO Holdings, LLC (“CCO Holdings” or the “Parent Guarantor”), the other guarantors party thereto (the “Subsidiary Guarantors” and, together with the Parent Guarantor, the “Guarantors”), the Trustee and the Collateral Agent, the sixth supplemental indenture, dated as of July 6, 2017, by and among the Issuers, the Guarantors, the Trustee and the Collateral Agent and the seventh supplemental indenture, dated as of September 18, 2017, by and among the Issuers, the Guarantors, the Trustee and the Collateral Agent. Each of the Subsidiary Guarantors will unconditionally guarantee the new notes on a senior secured basis, and the Parent Guarantor will guarantee the new notes on a senior unsecured basis.

You should carefully consider the [risk factors](#) beginning on page 14 of this prospectus before deciding whether or not to participate in the exchange offer.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

In reliance on Rule 12h-5 under the Exchange Act, neither of the Issuers intends to file annual reports, quarterly reports, current reports or transition reports with the SEC. For so long as the Issuers rely on Rule 12h-5, certain financial information pertaining to the Issuers will be included in the financial statements of CCO Holdings, LLC filed with the SEC pursuant to the Exchange Act.

WE HAVE NOT AUTHORIZED ANYONE TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATION ABOUT THE OFFERING THAT IS DIFFERENT FROM, OR IN ADDITION TO, THAT CONTAINED IN THIS PROSPECTUS OR IN ANY OF THE MATERIALS THAT ARE INCORPORATED INTO THIS PROSPECTUS. THEREFORE, IF ANYONE DOES GIVE YOU INFORMATION OF THIS SORT, YOU SHOULD NOT RELY ON IT. IF YOU ARE IN A JURISDICTION WHERE OFFERS TO EXCHANGE OR SELL, OR SOLICITATIONS OF OFFERS TO EXCHANGE OR PURCHASE, THE SECURITIES OFFERED BY THIS PROSPECTUS ARE UNLAWFUL, OR IF YOU ARE A PERSON TO WHOM IT IS UNLAWFUL TO DIRECT THESE TYPES OF ACTIVITIES, THEN THE OFFER PRESENTED IN THIS PROSPECTUS DOES NOT EXTEND TO YOU.

YOU SHOULD NOT ASSUME THAT THE INFORMATION CONTAINED IN THIS PROSPECTUS IS ACCURATE AS OF ANY DATE OTHER THAN THE DATE OF THIS PROSPECTUS AND THE MAILING OF THIS PROSPECTUS SHALL NOT CREATE AN IMPLICATION TO THE CONTRARY.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus includes forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act regarding, among other things, our plans, strategies and prospects, both business and financial. Although we believe that our plans, intentions and expectations as reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions, including, without limitation, the factors described in the section entitled “Risk Factors” in this prospectus and in the documents incorporated by reference in this prospectus, including the Annual Report. Many of the forward-looking statements contained in this prospectus may be identified by the use of forward-looking words such as “believe,” “expect,” “anticipate,” “should,” “planned,” “will,” “may,” “intend,” “estimated,” “aim,” “on track,” “target,” “opportunity,” “tentative,” “positioning,” “designed,” “create,” “predict,” “project,” “initiatives,” “seek,” “would,” “could,” “continue,” “ongoing,” “upside,” “increases” and “potential,” among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this prospectus are set forth in this prospectus, in the Annual Report, our other periodic reports and other reports or documents that we file from time to time with the SEC and include, but are not limited to:

- our ability to promptly, efficiently and effectively integrate acquired operations;
- our ability to sustain and grow revenues and cash flow from operations by offering video, Internet, voice, advertising and other services to residential and commercial customers, to adequately meet the customer experience demands in our markets and to maintain and grow our customer base, particularly in the face of increasingly aggressive competition, the need for innovation and the related capital expenditures;
- the impact of competition from other market participants, including, but not limited to, incumbent telephone companies, direct broadcast satellite operators, wireless broadband and telephone providers, digital subscriber line (“DSL”) providers, fiber to the home providers, video provided over the Internet by (i) market participants that have not historically competed in the multichannel video business, (ii) traditional multichannel video distributors, and (iii) content providers that have historically licensed cable networks to multichannel video distributors, and providers of advertising over the Internet;
- general business conditions, economic uncertainty or downturn, unemployment levels and the level of activity in the housing sector;
- our ability to obtain programming at reasonable prices or to raise prices to offset, in whole or in part, the effects of higher programming costs (including retransmission consents);
- our ability to develop and deploy new products and technologies, including wireless products, our cloud-based user interface, Spectrum Guide®, and downloadable security for set-top boxes, and any other cloud-based consumer services and service platforms;
- the effects of governmental regulation on our business or potential business combination transactions, including costs, disruptions and possible limitations on operating flexibility related to, and our ability to comply with, regulatory conditions applicable to us as a result of the Transactions (as defined below);
- any events that disrupt our networks, information systems or properties and impair our operating activities or our reputation;
- the ability to retain and hire key personnel;
- the availability and access, in general, of funds to meet our debt obligations prior to or when they become due and to fund our operations and necessary capital expenditures, either through (i) cash on hand, (ii) free cash flow, or (iii) access to the capital or credit markets; and

[Table of Contents](#)

- our ability to comply with all covenants in our indentures and credit facilities any violation of which, if not cured in a timely manner, could trigger a default of our other obligations under cross-default provisions.

All forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by this cautionary statement. We are under no duty or obligation to update any of the forward-looking statements after the date of this prospectus.

SUMMARY

This summary contains a general discussion of our business and the exchange offer. It does not contain all the information that you should consider before making a decision regarding whether to tender your original notes in exchange for new notes. For a more complete understanding of the exchange offer, you should read this entire prospectus, the information incorporated by reference herein and the related documents to which we refer.

The Parent Guarantor is an indirect subsidiary of Charter Communications, Inc. (“Charter”). The Parent Guarantor is a holding company with no operations of its own. CCO and CCO Capital are direct, wholly owned subsidiaries of the Parent Guarantor. CCO is a holding company with no operations of its own. CCO Capital is a company with no operations of its own and no subsidiaries. The Parent Guarantor and its direct and indirect subsidiaries, including CCO and its direct and indirect subsidiaries as well as CCO Capital, are managed by Charter. The additional Registrant Guarantors are direct and indirect subsidiaries of CCO. For a chart showing our ownership structure, see page 3.

Unless otherwise stated, the discussion in this prospectus of our business and operations includes the business of the Parent Guarantor and its direct and indirect subsidiaries. Unless otherwise stated, all business data included in this summary is as of June 30, 2017.

CCO and CCO Capital are sometimes referred to in this prospectus collectively as the “Issuers” and each individually as an “Issuer.” The terms “we,” “us” and “our” refer to the Parent Guarantor and its direct and indirect subsidiaries on a consolidated basis. The term “Transactions” refers to (i) the transactions completed pursuant to the Agreement and Plan of Mergers, dated as of May 23, 2015 (the “Merger Agreement”), by and among Time Warner Cable Inc. (“Legacy TWC”), Charter Communications, Inc. prior to the closing of the Merger Agreement (“Legacy Charter”), CCH I, LLC, previously a wholly owned subsidiary of Legacy Charter (“New Charter,” now known as Charter Communications, Inc. and referred to elsewhere in this prospectus as “Charter”), and certain other subsidiaries of New Charter and (ii) the acquisition of Bright House Networks, LLC (“Legacy Bright House”) pursuant to the Contribution Agreement, dated March 31, 2015, by and among Legacy Charter, New Charter, Advance/Newhouse Partnership, A/NPC Holdings LLC, and Charter Communications Holdings, LLC, as amended. “Existing Secured Notes” means the previously issued debt securities of the Issuers outstanding on the date hereof.

Our Business

We are the second largest cable operator in the United States and a leading broadband communications services company providing video, Internet and voice services to approximately 26.8 million residential and business customers at June 30, 2017. In addition, we sell video and online advertising inventory to local, regional and national advertising customers and fiber-delivered communications and managed information technology solutions to larger enterprise customers. We also own and operate regional sports networks and local sports, news and lifestyle channels and sell security and home management services to the residential marketplace.

Since 2012, Legacy Charter has actively invested in its network and operations and improved the quality and value of the products and packages that it offers. Through the roll-out of Spectrum pricing and packaging (“SPP”) across Legacy Charter, we have simplified our offers and improved our packaging of products, delivering more value to new and existing customers. Further, through the transition of our Legacy Charter markets to our all-digital platform, we increased our offerings to more than 200 HD channels in most of the Legacy Charter markets and offered Internet speeds of at least 60 or 100 Mbps, among other benefits. We believe that this product set combined with improved customer service, as we insource our workforce in our call centers and in our field operations, has led to lower customer churn and longer customer lifetimes.

As a result of the Transactions, 2017 second quarter revenues increased by \$3.9 billion year over year and 2016 annual revenues increased by over \$18.6 billion year over year. We also saw an increase in expenses related to our increased scale. In September 2016, we began launching SPP to Legacy TWC and Legacy Bright House markets and as of June 30, 2017, we offer SPP in nearly all Legacy TWC and Legacy Bright House markets. In the second half of 2017, we intend to begin converting the remaining Legacy TWC and Legacy Bright House analog markets to an all-digital platform. Our corporate organization, as well as our marketing, sales and product development departments, are now centralized. Field operations are managed through eleven regional areas, each designed to represent a combination of designated marketing areas and managed with largely the same set of field employees that were with the three legacy companies prior to completion of the Transactions. Over a multi-year period, Legacy TWC and Legacy Bright House customer care centers will migrate to Legacy Charter's model of using segmented, virtualized, U.S.-based in-house call centers. We are focused on deploying superior products and service with minimal service disruptions as we integrate our information technology and network operations. We expect customer and financial results to trend similarly to Legacy Charter following the implementation of Legacy Charter's operating strategies across the Legacy TWC and Legacy Bright House markets. As a result of implementing our operating strategy across Legacy TWC and Legacy Bright House, we cannot be certain that we will be able to grow revenues or maintain our margins at recent historical rates.

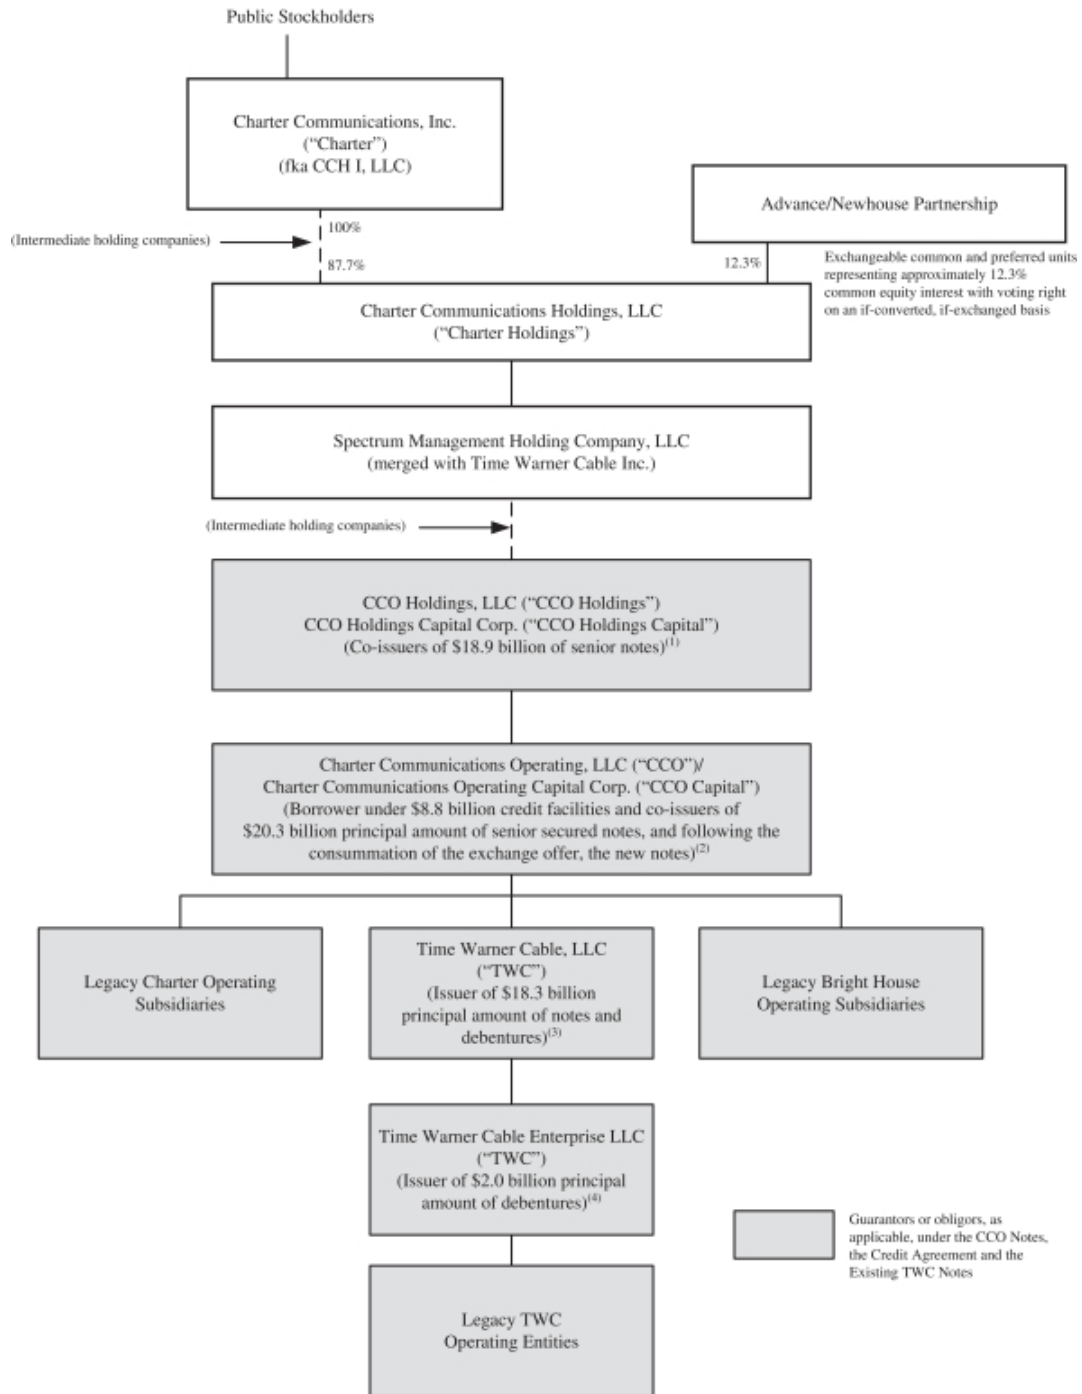

Our Corporate Information

On May 18, 2016, New Charter (formerly known as CCH I, LLC, an indirect parent company of CCO Holdings) completed its previously reported merger transactions among Charter, Legacy TWC, Legacy Charter, and certain other subsidiaries of Charter. Also on May 18, 2016, Charter completed its previously reported acquisition of Legacy Bright House from Advance/Newhouse Partnership. As a result of the Transactions, Charter became the new public parent company that holds the combined operations of Legacy Charter, Legacy TWC and Legacy Bright House and was renamed Charter Communications, Inc. Substantially all of the operations acquired in the Transactions were contributed down to CCO Holdings.

Our principal executive offices are located at 400 Atlantic Street, 10th Floor, Stamford, Connecticut 06901. Our telephone number is (203) 905-7801, and we have a website accessible at www.charter.com. Our periodic reports and Current Reports on Form 8-K, and all amendments thereto, are available on this website free of charge as soon as reasonably practicable after they have been filed. The information posted on our website is not incorporated into this prospectus and is not part of this prospectus.

	exchange offer. See “The Exchange Offer—Terms of the Exchange Offer” for a more complete description of the tender and withdrawal procedures.
Accrued Interest on the New Notes and the Original Notes	The new 3.750% 2028 notes will bear interest from July 6, 2017. The new 4.200% 2028 notes will bear interest from September 18, 2017. The new 2047 notes will bear interest from November 1, 2017.
Conditions to the Exchange Offer	The exchange offer is subject to customary conditions, some of which we may waive. See “The Exchange Offer—Conditions” for a description of the conditions. Other than the federal securities laws, we are not subject to federal or state regulatory requirements in connection with the exchange offer.
Certain Federal Income Tax Considerations	The exchange of original notes for new notes in the exchange offer will not be a taxable event for United States federal income tax purposes. See “Certain United States Federal Income Tax Considerations.”
Exchange Agent	The Bank of New York Mellon Trust Company, N.A. is serving as the Exchange Agent.
Use of Proceeds	We will not receive any proceeds from the exchange offer.
Consequences of failure to exchange your Original Notes	Original notes that are not tendered or that are tendered but not accepted will continue to be subject to the restrictions on transfer that are described in the legend on those notes. In general, you may offer or sell your original notes only if such offer or sale is registered under, or such original notes are offered or sold under an exemption from, the Securities Act and applicable state securities laws. We, however, will have no further obligation to issue notes in a registered exchange offer in exchange for the original notes. If you do not participate in the exchange offer, the liquidity of your original notes could be adversely affected.
Consequences of exchanging your Original Notes	Based on interpretations of the staff of the SEC, we believe that you may offer for resale, resell or otherwise transfer the new notes that we issue in the exchange offer without complying with the registration and prospectus delivery requirements of the Securities Act if you: <ul style="list-style-type: none">• acquire the new notes issued in the exchange offer in the ordinary course of your business;• are not participating, do not intend to participate, and have no arrangement or undertaking with anyone to participate, in the distribution of the new notes issued to you in the exchange offer; and• are not an “affiliate” of CCO or CCO Capital as defined in Rule 405 promulgated under the Securities Act.

If any of these conditions is not satisfied and you transfer any new notes issued to you in the exchange offer without delivering a proper prospectus or without qualifying for a registration exemption, you may incur liability under the Securities Act. We will not be responsible for or indemnify you against any liability you may incur.

Any broker-dealer that acquires new notes in the exchange offer for its own account in exchange for original notes which it acquired through market-making or other trading activities must acknowledge that it will deliver a prospectus when it resells or transfers any new notes issued in the exchange offer. See "Plan of Distribution" for a description of the prospectus delivery obligations of broker-dealers in the exchange offer.

Summary Terms of the New Notes

The terms of the new notes we are issuing in this exchange offer and the terms of the original notes of the same series are identical in all material respects, except:

- the offer and sale of the new notes in the exchange offer have been registered under the Securities Act;
- the new notes will not contain transfer restrictions and registration rights that relate to the original notes; and
- the new notes will not contain provisions relating to the payment of additional interest to be made to the holders of the original notes under circumstances related to the timing of the exchange offer.

A brief description of the material terms of the new notes follows:

Issuers	Charter Communications Operating, LLC and Charter Communications Operating Capital Corp.
Notes Offered	\$1,000,000,000 aggregate principal amount of 3.750% Senior Secured Notes due 2028; \$1,250,000,000 aggregate principal amount of 4.200% Senior Secured Notes due 2028; and \$2,500,000,000 aggregate principal amount of 5.375% Senior Secured Notes due 2047.
Maturity	The new 3.750% 2028 notes will mature on February 15, 2028, the new 4.200% 2028 notes will mature on March 15, 2028, and the new 2047 notes will mature on May 1, 2047.
Interest Payment Dates	With respect to the new 3.750% 2028 notes, February 15 and August 15 of each year, beginning on February 15, 2018. With respect to the new 4.200% 2028 notes, March 15 and September 15 of each year, beginning on March 15, 2018. With respect to the new 2047 notes, May 1 and November 1 of each year, beginning on May 1, 2018.
Form and Terms	The form and terms of the new notes will be the same as the form and terms of the original notes except that: <ul style="list-style-type: none">• the offer and sale of the new notes have been registered under the Securities Act and, therefore, the new notes will not bear legends restricting their transfer; and

- you will not be entitled to any exchange or registration rights with respect to the new notes and the new notes will not provide for additional interest in connection with registration defaults.

The new notes of a series will evidence the same debt as the original notes of the same series. They will be entitled to the benefits of the indenture governing the original notes and will be treated under the indenture as a single class with the original notes of the same series.

Ranking

The new notes will be:

- senior obligations of CCO and CCO Capital;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Issuers, including obligations under the CCO credit facilities, the Existing Secured Notes and the Issuers' guarantees of the TWC LLC notes and debentures and the TWCE debentures;
- secured by liens on the Collateral (as defined in the "Description of Notes") on an equal and ratable basis with the obligations under the CCO credit facilities, the Existing Secured Notes, the TWC LLC notes and debentures, the TWCE debentures and any other first lien obligations, subject to certain permitted liens and effectively equal with such obligations to the extent of the value of the Collateral;
- effectively senior to all existing and future unsecured indebtedness of CCO and CCO Capital and any future indebtedness of CCO and CCO Capital secured by a junior lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Notes;
- structurally subordinated to all existing and future indebtedness and other liabilities of each subsidiary of CCO and CCO Capital that does not guarantee the new notes; and
- senior in right of payment to all existing and future subordinated obligations of the CCO and CCO Capital.

As of June 30, 2017, the total principal amount of debt and intercompany loans of the Parent Guarantor and its subsidiaries, on a pro forma as adjusted basis to reflect (a) the issuance and sale of (i) \$1.0 billion aggregate principal amount of the Issuers' 3.750% senior secured notes due 2028; (ii) an additional \$1.25 billion aggregate principal amount of the Issuers' 5.375% senior secured notes due 2047; (iii) \$1.5 billion aggregate principal amount of CCO Holdings' and CCO Holdings Capital's 5.000% senior notes due 2028; (iv) \$1.25 billion aggregate principal amount of the Issuers' 4.200% senior secured notes due 2028; (v) an additional \$1.0 billion aggregate principal amount of CCO Holdings' and CCO Holdings Capital's 5.000% senior notes due 2028; and (vi) \$500 million aggregate principal amount of CCO Holdings' and CCO Holdings Capital's 4.000% senior notes due 2023; and (b) the consummation of the exchange offer (assuming 100% participation), would have totaled approximately \$69.1 billion.

Guarantees

The new notes will be guaranteed (the "Note Guarantees") by (i) all of the Issuers' subsidiaries that issue or guarantee any Equally and Ratably Secured

Indebtedness (as defined in the “Description of Notes”), including indebtedness under the CCO credit facility, the Existing Secured Notes, the TWC LLC notes and debentures and the TWCE debentures, and (ii) the Parent Guarantor.

The Note Guarantees will be:

- senior obligations of the Guarantors;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Guarantors (including guarantees of obligations under the CCO credit facility, the Existing Secured Notes, the TWC LLC notes and debentures and the TWCE debentures);
- with respect to the Note Guarantees of the Subsidiary Guarantors, secured by liens on the Collateral on an equal and ratable basis with the obligations under the CCO credit facilities, the Existing Secured Notes, the TWC LLC notes and debentures, the TWCE debentures or guarantees thereof and any other first lien obligations, subject to certain permitted liens;
- with respect to the Note Guarantee of the Parent Guarantor, unsecured and effectively junior to any secured indebtedness of the Parent Guarantor to the extent of the value of the collateral securing such indebtedness;
- with respect to the Note Guarantees of the Subsidiary Guarantors, effectively senior to all existing and future unsecured indebtedness of the Subsidiary Guarantors and any future indebtedness of the Subsidiary Guarantors secured by a junior lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Note Guarantees of the Subsidiary Guarantors;
- with respect to the Note Guarantees of the Subsidiary Guarantors, structurally subordinated to all existing and future indebtedness and other liabilities of each subsidiary of the Subsidiary Guarantors that does not guarantee the new notes; and
- senior in right of payment to all existing and future subordinated obligations of the Guarantors.

Security

The new notes and the Note Guarantees will be secured by a *pari passu* first lien security interest, subject to permitted liens, in the Issuers’ and the Guarantors’ assets that secure the obligations under the CCO credit facilities. The new notes will share equally in the Collateral securing the obligations under the CCO credit facilities. To the extent the collateral agent for the lenders under the CCO credit facilities releases any liens in connection with foreclosure on or other exercise of remedies with respect to the Collateral, the liens on such Collateral securing the new notes and the Note Guarantees and all other Equally and Ratably Secured Indebtedness will also be released. In addition, if the liens on any Collateral securing the Credit Agreement (as defined below) are released, all of the liens on such Collateral securing the new notes will also be released to the extent that the liens on such Collateral securing all other Equally and Ratably Secured Indebtedness will also be released. See “Description of Notes—Collateral.”

Intercreditor Agreement

The collateral agent for the lenders under the CCO credit facilities, the Collateral Agent and the trustee for the TWC LLC notes and debentures and the

	<p>TWCE debentures have entered into a <i>pari passu</i> intercreditor agreement as to the relative priorities of their respective security interests in the Collateral and certain other matters relating to the administration of such security interests (the “Intercreditor Agreement”). See “Description of Notes—Collateral.”</p> <p>We may redeem all or any part of the new 3.750% 2028 notes at any time prior to November 15, 2027 at a price equal to 100% of the new 3.750% 2028 notes redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make-whole” premium specified under “Description of Notes—Optional Redemption.”</p> <p>We may redeem some or all of the new 3.750% 2028 notes at any time on or after November 15, 2027 at a price equal to 100% of the principal amount of the new 3.750% 2028 notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described herein.</p> <p>We may redeem all or any part of the new 4.200% 2028 notes at any time prior to December 15, 2027 at a price equal to 100% of the new 4.200% 2028 notes redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make-whole” premium specified under “Description of Notes—Optional Redemption.”</p> <p>We may redeem some or all of the new 4.200% 2028 notes at any time on or after December 15, 2027 at a price equal to 100% of the principal amount of the new 4.200% 2028 notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described herein.</p> <p>We may redeem all or any part of the new 2047 notes at any time prior to November 1, 2046 at a price equal to 100% of the new 2047 notes redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make-whole” premium specified under “Description of Notes—Optional Redemption.”</p> <p>We may redeem some or all of the new 2047 notes at any time on or after November 1, 2046 at a price equal to 100% of the principal amount of the new 2047 notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described herein.</p>
Restrictive Covenants	<p>The indenture governing the new notes, among other things, restricts CCO’s and the Parent Guarantor’s ability and the ability of certain subsidiaries to:</p> <ul style="list-style-type: none">• grant liens; or• sell all or substantially all assets or merge with or into other companies. <p>These covenants are subject to important exceptions and qualifications as described under “Description of Notes—Certain Covenants.”</p>
Absence of Established Markets for the New Notes	<p>The new notes are new issuances of securities for which there is currently no market. We do not intend to apply for the new notes to be listed on any securities exchange or to arrange for any quotation system to quote them. Accordingly, we cannot assure you that liquid markets will develop or be maintained.</p>

You should carefully consider all of the information in this prospectus. In particular, you should evaluate the information under “Risk Factors” for a discussion of risks associated with an investment in the Issuers and the new notes.

For more complete information about the new notes, see “Description of Notes.”

RATIO OF CONSOLIDATED EARNINGS TO FIXED CHARGES

The following table sets forth our ratios of earnings to fixed charges on a historical basis for the periods indicated. This information should be read in conjunction with the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus. See “Where You Can Find More Information” and “Incorporation by Reference; Additional Information.”

	For the Year Ended December 31,					For the Six Months Ended June 30,	
	2012	2013	2014	2015	2016	2016	2017
Ratio of Earnings to Fixed Charges ⁽¹⁾	1.01	—	1.08	1.17	1.68	1.63	1.32

(1) Earnings for the year ended December 31, 2013 were insufficient to cover fixed charges by \$57 million. As a result of such deficiency, the ratio is not presented above.

RISK FACTORS

The new notes, like the original notes, entail the following risks. You should carefully consider these risk factors, as well as the other information contained and incorporated by reference in this prospectus, including the sections titled “Risk Factors” in CCO Holdings’ Annual Report on Form 10-K for the year ended December 31, 2016, filed with the SEC on March 3, 2017, before making a decision to continue your investment in the notes or to tender your original notes in exchange for the new notes. In this prospectus, when we refer to “notes,” we are referring to both the original notes and the new notes. Any of the following risks and those in the documents incorporated by reference herein could materially and adversely affect our business, financial condition or results of operations. However, the risks described below and in the documents incorporated by reference herein are not the only risks facing us. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. In such a case, we may not be able to make payments of principal and interest on the notes, and you may lose all or part of your original investment.

Risks Related to Our Indebtedness, the Exchange Offer and the New Notes

We have a significant amount of debt and may incur significant additional debt, including secured debt, in the future, which could adversely affect our financial health and our ability to react to changes in our business.

We have a significant amount of debt and may (subject to applicable restrictions in our debt instruments) incur additional debt in the future. As of June 30, 2017, the total principal amount of debt and intercompany loans of the Parent Guarantor and its subsidiaries, on a pro forma as adjusted basis to reflect (a) the issuance and sale of (i) \$1.0 billion aggregate principal amount of the Issuers’ 3.750% senior secured notes due 2028; (ii) an additional \$1.25 billion aggregate principal amount of the Issuers’ 5.375% senior secured notes due 2047; (iii) \$1.5 billion aggregate principal amount of CCO Holdings’ and CCO Holdings Capital’s 5.000% senior notes due 2028; (iv) \$1.25 billion aggregate principal amount of the Issuers’ 4.200% senior secured notes due 2028; (v) an additional \$1.0 billion aggregate principal amount of CCO Holdings’ and CCO Holdings Capital’s 5.000% senior notes due 2028; and (vi) \$500 million aggregate principal amount of CCO Holdings’ and CCO Holdings Capital’s 4.000% senior notes due 2023 and (b) the consummation of the exchange offer (assuming 100% participation), would have totaled approximately \$69.1 billion.

Our significant amount of debt could have consequences, such as:

- impact our ability to raise additional capital at reasonable rates, or at all;
- make us vulnerable to interest rate increases, because approximately 12% of borrowings of the Parent Guarantor and its subsidiaries as of June 30, 2017, including the effects of existing interest rate swaps, on a pro forma as adjusted basis, would have been, and may continue to be, subject to variable rates of interest;
- expose us to increased interest expense to the extent we refinance existing debt, particularly our bank debt, with higher cost debt;
- require us to dedicate a significant portion of our cash flow from operating activities to make payments on our debt, reducing our funds available for working capital, capital expenditures, and other general corporate expenses;
- limit our flexibility in planning for, or reacting to, changes in our business, the cable and telecommunications industries, and the economy at large;
- place us at a disadvantage compared to our competitors that have proportionately less debt; and
- adversely affect our relationship with customers and suppliers.

If current debt amounts increase, the related risks that we now face will intensify.

[Table of Contents](#)

The agreements and instruments governing our debt contain restrictions and limitations that could significantly affect our ability to operate our business, as well as significantly affect our liquidity.

Our credit facilities and the indentures governing our debt contain a number of significant covenants that could adversely affect our ability to operate our business, our liquidity, and our results of operations. These covenants restrict, among other things, our and our subsidiaries' ability to:

- incur additional debt;
- repurchase or redeem equity interests and debt;
- issue equity;
- make certain investments or acquisitions;
- pay dividends or make other distributions;
- dispose of assets or merge;
- enter into related party transactions; and
- grant liens and pledge assets.

Additionally, the credit agreement governing the CCO credit facilities (the "Credit Agreement") requires CCO to comply with a maximum total leverage covenant and a maximum first lien leverage covenant. The breach of any covenants or obligations in our indentures or credit facilities, not otherwise waived or amended, could result in a default under the applicable debt obligations and could trigger acceleration of those obligations, which in turn could trigger cross defaults under other agreements governing our long-term indebtedness. In addition, the secured lenders under the Credit Agreement could foreclose on their collateral, which includes equity interests in our subsidiaries, and exercise other rights of secured creditors.

We depend on generating sufficient cash flow to fund our debt obligations, capital expenditures, and ongoing operations.

We are dependent on our cash on hand and cash flow from operations to fund our debt obligations, capital expenditures and ongoing operations.

Our ability to service our debt and to fund our planned capital expenditures and ongoing operations will depend on our ability to continue to generate cash flow and our access (by dividend or otherwise) to additional liquidity sources at the applicable obligor. Our ability to continue to generate cash flow is dependent on many factors, including:

- our ability to sustain and grow revenues and cash flow from operations by offering video, Internet, voice, advertising and other services to residential and commercial customers, to adequately meet the customer experience demands in our markets and to maintain and grow our customer base, particularly in the face of increasingly aggressive competition, the need for innovation and the related capital expenditures;
- the impact of competition from other market participants, including but not limited to incumbent telephone companies, direct broadcast satellite operators, wireless broadband and telephone providers, DSL providers, video provided over the Internet and providers of advertising over the internet;
- general business conditions, economic uncertainty or downturn, high unemployment levels and the level of activity in the housing sector;
- our ability to obtain programming at reasonable prices or to raise prices to offset, in whole or in part, the effects of higher programming costs (including retransmission consents);

[Table of Contents](#)

- the development and deployment of new products and technologies including our cloud-based user interface, Spectrum Guide®, and downloadable security for set-top boxes; and
- the effects of governmental regulation on our business or potential business combination transactions.

Some of these factors are beyond our control. If we are unable to generate sufficient cash flow or we are unable to access additional liquidity sources, we may not be able to service and repay our debt, operate our business, respond to competitive challenges, or fund our other liquidity and capital needs.

The notes do not impose any limitations on our ability to incur additional debt or protect against certain other types of transactions.

While some of our other outstanding indebtedness may have some or all of these limitations, the indenture that governs the notes does not restrict the future incurrence of unsecured indebtedness, guarantees or other obligations, nor does it limit our ability to make investments, to pay dividends and distributions, to our shareholders, to sell certain assets or to enter into “change of control” transactions. Additionally, the indenture that governs the notes contains only certain limitations on our ability to incur liens. However, these limitations are subject to important exceptions. See “Description of Notes—Certain Covenants—Limitation on Liens.”

The notes and each Note Guarantee are structurally subordinated to present and future liabilities of non-guarantor subsidiaries of CCO.

Substantially all of CCO’s subsidiaries guarantee the notes. However, the notes are structurally subordinated to claims against any subsidiary of CCO that does not guarantee the notes. Generally, claims of creditors of a non-guarantor subsidiary, including trade creditors and claims of preference shareholders (if any) of the subsidiary, will have priority with respect to the assets and earnings of the subsidiary over the claims of creditors of its parent entity, including claims by holders of the notes under the Note Guarantees. In the event of any foreclosure, dissolution, winding up, liquidation, administration, reorganization or other insolvency or bankruptcy proceeding of any of our non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to its parent entity as a shareholder. As such, the notes and each Note Guarantee are each structurally subordinated to the creditors (including trade creditors) and preference shareholders (if any) of CCO’s non-guarantor subsidiaries.

Holders of the notes will not control decisions regarding collateral.

The rights of the holders of the notes with respect to the collateral are subject to an intercreditor agreement (the “Intercreditor Agreement”) among all holders of obligations secured by that collateral on a first-priority basis, including the obligations under the Credit Agreement. Under the Intercreditor Agreement, the Applicable Authorized Representative, which is initially the administrative agent under the Credit Agreement, controls substantially all matters related to the collateral securing the notes pursuant to the terms of the Intercreditor Agreement (see “Description of Notes—Collateral—Intercreditor Arrangements”). The Applicable Authorized Representative may, in connection with an enforcement action, dispose of, release or foreclose on, or take other actions with respect to, the collateral (including amendments of and waivers under the security documents) with which holders of the notes may disagree or that may be contrary to the interests of holders of the notes, even after a default under the notes. To the extent collateral is released from the lien securing the obligations under the Credit Agreement in connection with foreclosure or enforcement action, even if a default under the notes exists, liens securing the notes will also be released. If the liens on any collateral securing the obligations under the Credit Agreement are released, the liens on such collateral securing the obligations under the notes will also be released to the extent that the liens on such collateral securing all other equally and ratably secured indebtedness will also be released. In addition, the Intercreditor Agreement generally provides that the Applicable Authorized Representative may change, waive, modify or vary the security documents governing such liens without the

[Table of Contents](#)

consent of the holders of the notes (except under certain limited circumstances) and that the security documents governing the liens securing the notes will be automatically changed, waived and modified in the same manner (subject to certain limitations and exceptions).

Rights of the holders of the notes in the collateral may be adversely affected by the failure to perfect liens on certain collateral acquired in the future.

Applicable law requires that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. The Trustee or the Collateral Agent may not monitor, or we may not inform the Trustee or the Collateral Agent of, the future acquisitions of property and rights that constitute collateral, and necessary action may not be taken to properly perfect the security interest in such after acquired collateral. The Collateral Agent for the notes has no obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest in favor of the notes against third parties. In addition, as described further herein, even if the liens on collateral acquired in the future are properly perfected, such liens may potentially be avoidable as a preference in any bankruptcy proceeding under certain circumstances. See “—Risks Related to Our Indebtedness, the Exchange Offer and the New Notes—Any future pledge of collateral or Note Guarantee provided after the notes are issued might be avoided by a trustee in bankruptcy.”

The ability of the Collateral Agent to realize upon the capital stock securing the notes will be automatically limited to the extent the pledge of such capital stock would require the filing with the SEC of separate financial statements for any of our subsidiaries.

Under Rule 3-16 of Regulation S-X, if the par value, book value as carried by us or market value (whichever is greatest) of the capital stock of any subsidiary pledged as part of the collateral is greater than or equal to 20% of the aggregate principal amount of any class of debt securities then outstanding that are then registered or being registered, such subsidiary would be required to provide separate financial statements to the SEC. As a result, the indenture and the related security documents provide that to the extent that separate financial statements of any of our subsidiaries would be required by the rules of the SEC due to the fact that such subsidiary’s capital stock secures the notes of a series (or any other series of equally and ratably secured indebtedness that is in the form of debt securities, including each series of the TWC LLC notes and debentures and the TWCE debentures), the pledge of such capital stock constituting collateral securing the notes and the equally and ratably secured indebtedness will automatically be limited such that the value of the portion of such capital stock that the holders of the notes may realize upon will, in the aggregate, at no time equal or exceed 20% of the aggregate principal amount of any then outstanding class of debt securities registered with the SEC (with each series of the notes and each series of the TWC LLC notes and debentures and the TWCE debentures constituting a separate class for such purpose). See “Description of Notes—Collateral—Excluded Property.” As a result, holders of the notes could lose the benefit of a portion or all of the security interest securing the notes in the capital stock or other securities of those subsidiaries. It may be more difficult, costly and time-consuming for the Collateral Agent to foreclose on the assets of a subsidiary than to foreclose on its capital stock or other securities, so the proceeds realized upon any such foreclosure could be significantly less than those that would have been received upon any sale of the capital stock or other securities of such subsidiary.

Certain assets are excluded from the collateral securing the notes.

Certain assets are excluded from the collateral securing the notes, as described under “Description of Notes—Collateral—Excluded Property.” In addition, no assets of any of our non-guarantor subsidiaries (including any capital stock owned by any such subsidiary) will constitute collateral securing the notes. Furthermore, applicable law requires that a security interest in tangible and intangible assets can only be properly perfected and its priority retained through certain actions undertaken by the secured party. The liens on the collateral securing the notes may not be perfected if the Collateral Agent for the notes does not or is not able to take the actions necessary to perfect any of these liens.

[Table of Contents](#)

It may be difficult to realize the value of the FCC license rights pledged to secure the notes.

The Issuers' and the Subsidiary Guarantors' cable and telecommunication license rights constitute part of the collateral that secures the notes and the related Note Guarantees. The ability of the Collateral Agent to foreclose on such collateral on behalf of the holders of the notes may be subject to prior approval by the Federal Communications Commission (the "FCC") and other governmental authorities. In particular, the Collateral Agent will not be legally permitted to exercise any rights with respect to the FCC license rights upon the occurrence of an event of default if such action would constitute or result in any assignment of any FCC license or any other form of change of control (whether as a matter of law or fact) of the entity holding any FCC license lease unless any necessary prior approval of the FCC is obtained. There can be no assurance that any such required approval can be obtained on a timely basis or at all. This requirement may limit the number of potential bidders for the FCC license rights in any foreclosure and may delay sale, either of which events may have a material adverse effect on the sale price of the FCC license rights. Therefore, the practical value of realizing on the FCC license rights may, without the appropriate consents, prior approval of the FCC and related filings, be limited.

The collateral is subject to casualty risks.

Although we maintain insurance policies to insure against losses, there are certain losses that may be either uninsurable or not economically insurable, in whole or in part. As a result, it is possible that the insurance proceeds will not compensate us fully for our losses in the event of a catastrophic loss. If there is a total or partial loss of any of the pledged collateral, we cannot assure you that any insurance proceeds received by us will be sufficient to satisfy all the secured obligations, including the notes.

We will in most cases have control over the collateral, and the sale of particular assets by us could reduce the pool of assets securing the notes and the Note Guarantees.

The security documents allow us to remain in possession of, retain exclusive control over, freely operate, and collect, invest and dispose of any income from, the collateral securing the notes and the Note Guarantees. For example, so long as no default or event of default under the indenture governing the notes would result therefrom, we may, among other things, without any release or consent by the Trustee or the Collateral Agent, conduct ordinary course activities with respect to collateral, such as selling, factoring, abandoning or otherwise disposing of collateral and making ordinary course cash payments (including repayments of indebtedness).

There are circumstances other than repayment or discharge of the notes under which the collateral securing the notes will be released automatically, without your consent or the consent of the Trustee or the Collateral Agent. Under various circumstances, collateral securing the notes will be released automatically, including:

- a sale, transfer or other disposal of such collateral in a transaction not prohibited under the indenture;
- with respect to collateral held by a Guarantor, upon the release of such Guarantor from its Note Guarantee;
- with respect to collateral that is capital stock, upon the dissolution of the issuer of such capital stock in accordance with the indenture;
- with respect to the collateral upon any release in connection with a foreclosure or exercise of remedies with respect to that collateral directed by the lenders under the Credit Agreement or holders of other first lien obligations during any period that such representatives control actions with respect to the collateral pursuant to the Intercreditor Agreement; and
- in whole, upon a Collateral Release Event (as defined in the "Description of Notes"). See "Description of Notes—Collateral—Release."

The imposition of certain permitted liens could materially adversely affect the value of the collateral.

The collateral securing the notes may also be subject to liens permitted under the terms of the indenture governing the notes, whether arising on or after the date the notes were originally issued. The existence of any permitted liens could materially adversely affect the value of the collateral that could be realized by the holders of the notes as well as the ability of the Collateral Agent to realize or foreclose on such collateral. In addition, the imposition of certain permitted liens will cause the relevant assets to become “excluded property,” which will not secure the notes or the Note Guarantees. See “Description of Notes—Collateral—Excluded Property” for the definition of “excluded property.”

Each Note Guarantee is subject to certain limitations on enforcement and may be limited by applicable laws or subject to certain defenses that may limit its validity and enforceability.

Each Subsidiary Guarantor guarantees the payment of the notes on a first lien senior secured basis. Each Note Guarantee of a Subsidiary Guarantor provides the relevant holders of the notes with a direct claim against such Subsidiary Guarantor. However, the indenture governing the notes provides that each Note Guarantee is limited to the maximum amount that can be guaranteed by the relevant Guarantor without rendering the relevant Note Guarantee, as it relates to that Guarantor, voidable or otherwise ineffective or limited under applicable law, and enforcement of each Note Guarantee is subject to certain generally available defenses.

Enforcement of any of the Note Guarantees against any Guarantor is subject to certain defenses available to Guarantors in the relevant jurisdiction. These laws and defenses generally include those that relate to corporate purpose or benefit, fraudulent conveyance or transfer, voidable preference, insolvency or bankruptcy challenges, financial assistance, preservation of share capital, thin capitalization, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally. If one or more of these laws and defenses are applicable, a Guarantor may have no liability or decreased liability under its Note Guarantee depending on the amounts of its other obligations and applicable law. Limitations on the enforceability of judgments obtained in New York courts in such jurisdictions could also limit the enforceability of any Note Guarantee against any Guarantor.

In general, under bankruptcy or insolvency law and other laws, a court could (i) avoid or invalidate all or a portion of a Guarantor’s obligations under its Note Guarantee and/or the related security interest, (ii) direct that the holders of the notes return any amounts paid under a Note Guarantee to the relevant Guarantor or to a fund for the benefit of such Guarantor’s creditors or (iii) take other action that is detrimental to you, typically if the court found that:

- the relevant Note Guarantee and the related security interest, if applicable, was incurred with actual intent to give preference to one creditor over another, hinder, delay or defraud creditors or shareholders of the Guarantor or, in certain jurisdictions, when the granting of the Note Guarantee or related security interest, if applicable, has the effect of giving a creditor a preference or when the recipient was aware that the Guarantor was insolvent when it granted the relevant Note Guarantee and related security interest, if applicable;
- the Guarantor did not receive fair consideration or reasonably equivalent value or corporate benefit for the relevant Note Guarantee and related security interest, if applicable, and the Guarantor was: (i) insolvent or rendered insolvent because of the relevant Note Guarantee or related security interest, if applicable; (ii) undercapitalized or became undercapitalized because of the relevant Note Guarantee; or (iii) intended to incur, or believed that it would incur, indebtedness beyond its ability to pay at maturity;
- the relevant Note Guarantee was held to exceed the corporate objects of the Guarantor or not to be in the best interests or for the corporate benefit of the Guarantor; or
- the amount paid or payable under the relevant Note Guarantee was in excess of the maximum amount permitted under applicable law.

These or similar laws may also apply to any future guarantee and related security interests granted by any of our subsidiaries pursuant to the indenture (which may also potentially be avoidable as a preference in any bankruptcy proceeding under certain circumstances; see “—Risks Related to Our Indebtedness, the Exchange Offer and the New Notes—Any future pledge of collateral or Note Guarantee provided after the notes are issued might be avoided by a trustee in bankruptcy.”).

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or antecedent debt is secured or satisfied. A court would likely find that a Guarantor did not receive reasonably equivalent value or fair consideration for its Note Guarantee or the related security interest, if such Guarantor did not substantially benefit directly or indirectly from the issuance of the notes.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred, such that we cannot assure you which standard a court would apply in determining whether a Guarantor was “insolvent” at the relevant time or that, regardless of method of valuation, a court would not determine that a Guarantor was insolvent on that date, or that a court would not determine, regardless of whether or not a Guarantor was insolvent on the date its Note Guarantee or related security interest was issued, that payments to holders of the notes constituted preferences, fraudulent transfers or conveyances on other grounds.

The liability of each Guarantor under its Note Guarantee will be limited to the amount that will result in such Note Guarantee not constituting a preference, fraudulent conveyance or improper corporate distribution or otherwise being set aside. However, there can be no assurance as to what standard a court will apply in making a determination of the maximum liability of each Guarantor. Moreover, in a Florida bankruptcy case, which was reversed by a district court on other grounds and then reinstated by the applicable circuit court of appeals, this kind of provision was found to be ineffective to protect the guarantees. There is a possibility that the entire Note Guarantee may be set aside, in which case the entire liability may be extinguished.

If a court decided that a Note Guarantee (or the related security interest, if applicable) was a preference, fraudulent transfer or conveyance and voided such Note Guarantee, or held it unenforceable for any other reason, you may cease to have any claim in respect of the relevant Guarantor and/or the benefit of the corresponding underlying collateral, and would be a creditor solely of the Issuers and, if applicable, of any other Guarantor under the relevant Note Guarantee which has not been declared void. In the event that any Note Guarantee of a Subsidiary Guarantor is invalid or unenforceable, in whole or in part, or to the extent the agreed limitation of the Note Guarantee obligations apply, the notes would be effectively subordinated to all liabilities of the applicable Subsidiary Guarantor, and if we cannot satisfy our obligations under the notes or any Note Guarantee is found to be a preference, fraudulent transfer or conveyance or is otherwise set aside, we cannot assure you that we can ever repay in full any amounts outstanding under the notes.

Any future pledge of collateral or Note Guarantee provided after the notes are issued might be avoided by a trustee in bankruptcy.

The indenture and the related security documents require us to grant liens on certain assets that we or any Subsidiary Guarantor acquires. Any future guarantee or additional lien in favor of the Collateral Agent for the benefit of the holders of the notes might be avoidable by the grantor (as debtor-in possession) or by its trustee in bankruptcy or other third parties if certain events or circumstances exist or occur. For instance, if the entity granting a future guarantee or additional lien was insolvent at the time of the grant and if such grant was made within 90 days before that entity commenced a bankruptcy proceeding (or one year before commencement of a bankruptcy proceeding if the creditor that benefited from the guarantee or lien is an “insider” under the U.S. Bankruptcy Code), and the granting of the future guarantee or additional lien enabled the holders of the notes to receive more than they would if the grantor were liquidated under chapter 7 of the U.S. Bankruptcy Code, then such guarantee or lien could be avoided as a preferential transfer. Liens recorded or perfected after the issue date

[Table of Contents](#)

may be treated under bankruptcy law as if they were delivered to secure previously existing indebtedness. Thus, in any bankruptcy proceedings commenced within 90 days of lien perfection, a lien given to secure previously existing indebtedness is materially more likely to be avoided as a preference by the bankruptcy court than if delivered and promptly recorded on the issue date. Accordingly, if we or any Subsidiary Guarantor were to file for bankruptcy protection after the issue date of the outstanding notes and any liens granted with respect to the notes or the Note Guarantees had been perfected less than 90 days before the commencement of such bankruptcy proceeding, the liens securing the notes or the Note Guarantees may be particularly subject to challenge as a result of having been delivered after the issue date (even if any liens granted on the issue date of the notes were not subject to any such challenge). To the extent that such challenge succeeded, the holders of the notes would lose the benefit of the security that the collateral was intended to provide.

Rights of the holders of the notes in the collateral securing the notes may be adversely affected by bankruptcy proceedings and the holders of the notes may not be entitled to post-petition interest in any bankruptcy proceeding.

The right of the Collateral Agent for the notes to foreclose upon, repossess and dispose of the collateral securing the notes and the Note Guarantees of the Subsidiary Guarantors upon acceleration is likely to be significantly impaired by federal bankruptcy law if bankruptcy proceedings are commenced by or against us prior to or possibly even after the Collateral Agent has repossessed and disposed of the collateral. Under the U.S. Bankruptcy Code, pursuant to the automatic stay imposed upon a bankruptcy filing, a secured creditor, such as the Collateral Agent for the notes, is prohibited from foreclosing upon or repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from a debtor, without prior bankruptcy court approval (which may not be given under the circumstances). Moreover, bankruptcy law permits the debtor to continue to retain and to use collateral, and the proceeds, products, rents or profits of the collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given “adequate protection.” The meaning of the term “adequate protection” may vary according to circumstances, but it is intended in general to protect the value of the secured creditor’s interest in the collateral and may include cash payments or the granting of additional or replacement security, if and at such time as the court in its discretion determines, for any diminution in the value of the collateral as a result of the stay of repossession or disposition or any use of the collateral by the debtor during the pendency of the bankruptcy case. A bankruptcy court may determine that a secured creditor may not require compensation for a diminution in the value of its collateral if the value of the collateral exceeds the debt it secures. In view of the lack of a precise definition of the term “adequate protection” and the broad discretionary powers of a bankruptcy court, it is impossible to predict whether any payments under the notes could be made following commencement of or during a bankruptcy case or the length of any potential delay in making any such payments post-petition, whether or when the Collateral Agent could foreclose upon, repossess or dispose of the collateral, or whether or to what extent the holders of the notes would be compensated for any delay in payment or loss of value of the collateral through the requirements of “adequate protection.”

Furthermore, in the event the bankruptcy court determines that the value of the collateral is not sufficient to repay all amounts due on the notes, the holders of the notes would have “undersecured claims” as to the difference. Federal bankruptcy laws do not permit the payment or accrual of post-petition interest, costs, expenses and attorneys’ fees for “undersecured claims” during the debtor’s bankruptcy case. Other consequences of a finding of under-collateralization would be, among other things, a lack of entitlement to receive other “adequate protection” under federal bankruptcy laws with respect to the unsecured portion of the notes. In addition, if any payments of post-petition interest had been made at the time of such a finding of under-collateralization, those payments could be recharacterized by the bankruptcy court as a reduction of the principal amount of the notes.

The Intercreditor Agreement also contains provisions restricting the holders of the notes from filing certain objections in any future bankruptcy to, among other things, a proposed debtor-in-possession financing that satisfied various terms and conditions.

CCO and CCO Holdings are holding companies and depend on subsidiaries, including non-guarantor subsidiaries, to satisfy their respective obligations under the notes and CCO Holdings' Note Guarantee.

As holding companies, CCO Holdings and CCO conduct substantially all of their operations through their direct and indirect subsidiaries, which own substantially all of our consolidated assets.

Consequently, the principal source of cash to pay the obligations of CCO under the notes and of CCO Holdings under its Note Guarantee is the cash that our subsidiaries generate from their operations. We cannot assure you that our subsidiaries will be able to, or be permitted to, make distributions to enable CCO and CCO Holdings to make payments in respect of their obligations. Each of our subsidiaries is a distinct legal entity and, under certain circumstances, applicable state laws, regulatory limitations and terms of our debt instruments may limit the ability of CCO and CCO Holdings to obtain cash from our subsidiaries. While the indentures governing certain of our existing notes limit the ability of our subsidiaries to restrict their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions, which may have the effect of significantly restricting the applicability of those limits. In the event CCO or CCO Holdings does not receive distributions from our subsidiaries, CCO may be unable to make required payments under the notes and CCO Holdings may be unable to make required payments under its Note Guarantee.

Changes in our credit rating could adversely affect the market price or liquidity of the notes.

Credit rating agencies continually revise their ratings for the companies that they follow, including us. The credit rating agencies also evaluate our industry as a whole and may change their credit ratings for us based on their overall view of our industry. We cannot be sure that credit rating agencies will maintain their ratings on the notes. A negative change in our ratings could have an adverse effect on the price of the notes.

If you do not exchange your original notes for new notes, you will continue to have restrictions on your ability to resell them.

The original notes were not offered and sold in a transaction registered under the Securities Act or under the securities laws of any state and may not be resold, offered for resale or otherwise transferred unless they are subsequently registered or resold pursuant to an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your original notes for new notes pursuant to the exchange offer, you will not be able to resell, offer to resell or otherwise transfer the original notes unless such offer or sale is registered under the Securities Act or unless you resell them, offer to resell them or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act. In addition, once the exchange offer has terminated, we will no longer be under an obligation to exchange the original notes in a transaction registered under the Securities Act except in the limited circumstances provided in the exchange and registration rights agreements.

In addition, upon consummation of the exchange offer, the aggregate principal amount of original notes will be reduced by the amount of original notes exchanged. Securities with a smaller outstanding principal amount available for trading, or float, generally command a lower price than do comparable securities with a greater float. Therefore, the market price for original notes that are not submitted for exchange or not accepted by us may be adversely affected. A reduced float may also make the trading prices of any original notes that are not exchanged more volatile.

There is currently no public market for the notes and there is no guarantee that an active trading market for the notes may develop. The failure of a market to develop for the notes could adversely affect the liquidity and value of the notes.

There is currently no established public trading market for the original notes or the new notes. We do not intend to apply for listing of any series of the new notes on any securities exchange or for quotation of any series

[Table of Contents](#)

of the new notes on any automated dealer quotation system. A market may not develop for the new notes, and if a market does develop, it may not be sufficiently liquid for your purposes. If an active, liquid market does not develop for the new notes, the market price and liquidity of each series of the new notes may be adversely affected. If any series of the new notes are traded after their initial issuance, they may trade at a discount from their initial offering price.

The liquidity of the trading market, if any, and future trading prices of the original notes and the new notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors. The market for the notes may be subject to disruptions that could have a negative effect on the holders of the notes, regardless of our operating results, financial performance or prospects.

The exchange offer may be cancelled or delayed.

We have reserved the right to terminate or withdraw the exchange offer, including solely in respect of one or more series of the original notes, in our sole discretion at any time and for any reason, subject to applicable law. Therefore, even if you properly submit a letter of instruction prior to the expiration date and otherwise comply with the terms and conditions of the exchange offer, the exchange offer may not be consummated. Because of adjustments or other logistical challenges in exchanging original notes for new notes, among other things, the settlement of the exchange offers may be delayed. Accordingly, you may have to wait longer than expected to receive your new notes, during which time you will not be able to effect transfers of your original notes or new notes you are to receive in the exchange offer.

You must comply with the exchange offer procedures in order to receive new, freely tradable new notes.

Delivery of new notes in exchange for original notes tendered and accepted for exchange pursuant to the exchange offer will be made only if such tenders comply with the exchange offer procedures described herein, including the timely receipt by the exchange agent of book-entry transfer of original notes into the exchange agent's account at DTC (as defined below), as depository, including an agent's message (as defined herein). We are not required to notify you of defects or irregularities in tenders of original notes for exchange.

Some holders who exchange their original notes may be deemed to be underwriters, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your original notes in the exchange offer for the purpose of participating in a distribution of the original notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA

The following table presents selected financial and other data for CCO Holdings and its consolidated subsidiaries and has been derived from (i) the audited consolidated financial statements of CCO Holdings and its subsidiaries for each of the years in the three-year period ended December 31, 2016, audited by KPMG, LLP and incorporated by reference in this prospectus, the audited consolidated financial statements of CCO Holdings and its subsidiaries for the year ended December 31, 2013, which are not incorporated by reference herein, and unaudited internal financial statements prepared by management for the year ended December 31, 2012, which are not incorporated by reference herein, and (ii) the unaudited consolidated financial statements of CCO Holdings and its subsidiaries for the six months ended June 30, 2016 and 2017, incorporated by reference in this prospectus. On May 18, 2016, we consummated the Transactions. Accordingly, the financial data presented above for the year ended December 31, 2016 and the six months ended June 30, 2016 and 2017 reflect the impact of the Transactions and are not comparable to the prior periods presented and may not be indicative of CCO Holdings’ future financial condition or results of operations.

Income from operations for the year ended December 31, 2016 and the six months ended June 30, 2016 has been reduced from what was previously reported by \$899 million and \$520 million, respectively, to reflect the adoption of Accounting Standards Update No. 2017-07, *Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*.

THE EXCHANGE OFFER

Terms of the Exchange Offer

General. We issued the original notes on April 20, 2017, July 6, 2017 and September 18, 2017 in transactions exempt from the registration requirements of the Securities Act.

In connection with the sale of the original notes, (i) certain holders of the initial 2047 notes became entitled to the benefits of the exchange and registration rights agreement, dated April 20, 2017, among the Issuers, the Guarantors and the representatives of the initial purchasers of the initial 2047 notes, (ii) certain holders of the July 2017 add-on 2047 notes became entitled to the benefits of the exchange and registration rights agreement, dated July 6, 2017, among the Issuers, the Guarantors and the representatives of the initial purchasers of the July 2017 add-on 2047 notes, (iii) certain holders of the September 2017 add-on 2047 notes became entitled to the benefits of the exchange and registration rights agreement, dated September 18, 2017, among the Issuers, the Guarantors and the representatives of the initial purchasers of the September 2017 add-on 2047 notes, (iv) certain holders of the original 3.750% 2028 notes became entitled to the benefits of the exchange and registration rights agreement, dated July 6, 2017, among the Issuers, the Guarantors and the representatives of the initial purchasers of the original 3.750% 2028 notes, and (v) certain holders of the original 4.200% 2028 notes became entitled to the benefits of the exchange and registration rights agreement, dated September 18, 2017, among the Issuers, the Guarantors and the representatives of the initial purchasers of the original 4.200% 2028 notes. Such agreements are collectively referred to herein as the “exchange and registration rights agreements.”

Under the exchange and registration rights agreements, we became obligated to file a registration statement in connection with an exchange offer, to use our reasonable best efforts to have the exchange offer registration statement declared effective and to use our reasonable best efforts to exchange new notes for the original notes tendered prior thereto (i) with respect to the original 2047 notes, within 365 days following April 20, 2017, (ii) with respect to the original 3.750% 2028 notes, within 365 days following July 6, 2017, and (iii) with respect to the original 4.200% 2028 notes, within 365 days following September 18, 2017. The exchange offer being made by this prospectus, if consummated within the required time period, will satisfy our obligations under the exchange and registration rights agreements. This prospectus, together with the letter of instruction, is being sent to all beneficial holders of original notes known to us.

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of instruction, we will accept for exchange all original notes properly tendered and not withdrawn on or prior to the expiration date. We will issue \$1,000 principal amount of new notes in exchange for each \$1,000 principal amount of outstanding original notes accepted in the exchange offer. Holders may tender some or all of their original notes pursuant to the exchange offer.

Based on no-action letters issued by the staff of the SEC to third parties, we believe that holders of the new notes issued in exchange for original notes may offer for resale, resell and otherwise transfer the new notes, other than any holder that is an affiliate of ours within the meaning of Rule 405 under the Securities Act, without compliance with the registration and prospectus delivery provisions of the Securities Act. This is true as long as the new notes are acquired in the ordinary course of the holders’ business, the holder has no arrangement or understanding with any person to participate in the distribution of the new notes and neither the holder nor any other person is engaging in or intends to engage in a distribution of the new notes. A broker-dealer that acquired original notes directly from us cannot exchange the original notes in the exchange offer. Any holder who tenders in the exchange offer for the purpose of participating in a distribution of the new notes cannot rely on the no-action letters of the staff of the SEC and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Each broker-dealer that receives new notes for its own account in exchange for original notes, where original notes were acquired by such broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. See “Plan of Distribution” for additional information.

Table of Contents

We shall be deemed to have accepted validly tendered original notes when, as and if we have given oral or written notice of the acceptance of such notes to the exchange agent. The exchange agent will act as agent for the tendering holders of original notes for the purposes of receiving the new notes from the Issuers and delivering new notes to such holders.

If any tendered original notes are not accepted for exchange because of an invalid tender or the occurrence of the conditions set forth under “— Conditions” without waiver by us, certificates for any such unaccepted original notes will be returned, without expense, to the tendering holder of any such original notes as promptly as practicable after the expiration date.

Holders of original notes who tender in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of instruction, transfer taxes with respect to the exchange of original notes, pursuant to the exchange offer. We will pay all charges and expenses, other than certain applicable taxes in connection with the exchange offer.

Expiration Date; Extensions; Amendment. We will keep the exchange offer open for not less than 20 business days, or longer if required by applicable law, after the date on which notice of the exchange offer is mailed to the holders of the original notes. The term “expiration date” means the expiration date set forth on the cover page of this prospectus, unless we extend the exchange offer, in which case the term “expiration date” means the latest date to which the exchange offer is extended.

In order to extend the expiration date, we will notify the exchange agent of any extension by oral or written notice and issue a public announcement of the extension prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right:

- (a) to delay accepting any original notes, to extend the exchange offer or to terminate the exchange offer and not accept original notes not previously accepted if any of the conditions set forth under “—Conditions” shall have occurred and shall not have been waived by us, if permitted to be waived by us, by giving oral or written notice of such delay, extension or termination to the exchange agent; or
- (b) to amend the terms of the exchange offer in any manner deemed by us to be advantageous to the holders of the original notes. Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice. If the exchange offer is amended in a manner determined by us to constitute a material change, we promptly will disclose such amendment in a manner reasonably calculated to inform the holders of the original notes of such amendment. Depending upon the significance of the amendment, we may extend the exchange offer if it otherwise would expire during such extension period.

Without limiting the manner in which we may choose to make a public announcement of any extension, amendment or termination of the exchange offer, we will not be obligated to publish, advertise, or otherwise communicate any such announcement, other than by making a timely release to an appropriate news agency.

Procedures for Tendering

To tender in the exchange offers, a holder must effect a book-entry transfer of old notes to be tendered in the exchange offer into the account of the exchange agent at The Depository Trust Company (“DTC”) by electronically transmitting its acceptance of the exchange offer through the Automated Tender Offer Program (“ATOP”) maintained by DTC, and delivering to the exchange agent any other required documents. DTC will then verify the acceptance, execute a book-entry delivery to the exchange agent’s account at DTC and send an agent’s message to the exchange agent. To be validly tendered, confirmation of such book-entry transfer and such other required documents must reach the exchange agent before 5:00 p.m., New York City time, on the

[Table of Contents](#)

expiration date. **Holders desiring to tender original notes pursuant to ATOP must allow sufficient time for completion of the ATOP procedures during normal business hours of DTC. Except as otherwise provided in this prospectus, delivery of original notes will be deemed made only when the agent's message is actually received by the exchange agent prior to the expiration date.**

The term "agent's message" means a message, transmitted by a book-entry transfer facility to, and received by, the exchange agent, forming a part of a confirmation of a book-entry transfer, which states that such book-entry transfer facility has received an express acknowledgment from the participant in such book-entry transfer facility tendering the original notes that such participant has received and agrees to be bound by the terms of the letter of instruction and that we may enforce such agreement against such participant.

The tender by a holder of original notes will constitute an agreement between such holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of instruction.

Delivery of all documents must be made to the exchange agent at its address set forth below. Holders may also request their respective brokers, dealers, commercial banks, trust companies or nominees to effect such tender for such holders.

The method of delivery of original notes and all other required documents to the exchange agent is at the election and risk of the holders. In all cases, sufficient time should be allowed to assure timely delivery to the exchange agent before 5:00 p.m., New York City time, on the expiration date. No original notes or other documents should be sent to us.

There will be no fixed record date for determining registered holders of original notes entitled to participate in the exchange offer.

Any beneficial holder whose original notes are registered in the name of its broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact such registered holder promptly and instruct such registered holder to tender on its behalf and comply with the ATOP procedures for book-entry transfer described below on or prior to the expiration date.

All questions as to the validity, form, eligibility, including time of receipt, and withdrawal of the tendered original notes will be determined by us in our sole discretion, which determination will be final and binding. We reserve the absolute right to reject any and all original notes not properly tendered or any original notes our acceptance of which, in the opinion of counsel for us, would be unlawful. We also reserve the right to waive any irregularities or conditions of tender as to particular original notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of instruction, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within such time as we shall determine. None of us, the exchange agent or any other person shall be under any duty to give notification of defects or irregularities with respect to tenders of original notes, nor shall any of them incur any liability for failure to give such notification. Tendere of original notes will not be deemed to have been made until such irregularities have been cured or waived. Any original notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned without cost to such holder by the exchange agent to the tendering holders of original notes, unless otherwise provided in the letter of instruction, as soon as practicable following the expiration date.

In addition, we reserve the right in our sole discretion to:

- (a) purchase or make offers for any original notes that remain outstanding subsequent to the expiration date or, as set forth under "— Conditions," to terminate the exchange offer in accordance with the terms of the registration rights agreements; and

Table of Contents

- (b) to the extent permitted by applicable law, purchase original notes in the open market, in privately negotiated transactions or otherwise. The terms of any such purchases or offers may differ from the terms of the exchange offer.

By tendering, each holder will represent to us that, among other things,

- (a) the new notes acquired pursuant to the exchange offer are being obtained in the ordinary course of business of such holder or other person;
- (b) neither such holder nor such other person is engaged in or intends to engage in a distribution of the new notes;
- (c) neither such holder or other person has any arrangement or understanding with any person to participate in the distribution of such new notes; and
- (d) such holder or other person is not our “affiliate,” as defined under Rule 405 of the Securities Act, or, if such holder or other person is such an affiliate, will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the original notes at DTC for the purpose of facilitating the exchange offer, and subject to the establishment of such accounts, any financial institution that is a participant in DTC’s system may make book-entry delivery of original notes by causing DTC to transfer such original notes into the exchange agent’s account with respect to the original notes in accordance with the ATOP procedures for such transfer. Although delivery of the original notes may be effected through book-entry transfer into the exchange agent’s account at DTC and delivery of an agent’s message to the exchange agent, all other required documents (if any) must in each case be transmitted to and received or confirmed by the exchange agent at its address set forth below on or prior to the expiration date.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, tenders of original notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the expiration date. However, where the expiration date has been extended, tenders of original notes previously accepted for exchange as of the original expiration date may not be withdrawn.

To withdraw a tender of original notes in the exchange offer, you must comply with DTC’s procedures for withdrawal of tenders. **Sufficient time should be allowed for completion of the ATOP withdrawal procedures during the normal business hours of DTC.** A withdrawal may be effected by a properly submitted “Request Message” through ATOP, which must:

- specify the name of the DTC participant whose name appears on the security position listing as the owner of such tendered original notes;
- contain a description of the original notes to be withdrawn, including the principal amount; and
- be signed by such DTC participant in the same manner as the participant’s name is listed in the applicable agent’s message.

Conditions

Notwithstanding any other term of the exchange offer, we will not be required to accept any original notes for exchange, or exchange any new notes for any original notes, and may terminate or amend the exchange offer before the expiration date, if the exchange offer violates any applicable law or interpretation by the staff of the SEC.

[Table of Contents](#)

If we determine in our reasonable discretion that the foregoing condition exists, we may:

- (1) refuse to accept any original notes and return all tendered original notes to the tendering holders;
- (2) extend the exchange offer and retain all original notes tendered prior to the expiration of the exchange offer, subject, however, to the rights of holders who tendered such original notes to withdraw their tendered original notes; or
- (3) waive such condition, if permissible, with respect to the exchange offer and accept all properly tendered original notes which have not been withdrawn. If such waiver constitutes a material change to the exchange offer, we will promptly disclose such waiver by means of a prospectus supplement that will be distributed to the holders, and we will extend the exchange offer as required by applicable law.

Exchange Agent

The Bank of New York Mellon Trust Company, N.A. has been appointed as exchange agent for the exchange offer. Any requests for assistance or for additional copies of this prospectus, related materials or documents required in connection with surrenders of original notes for conversion should be directed to The Bank of New York Mellon Trust Company, N.A. addressed as follows:

Fees and Expenses

We have agreed to bear the expenses of the exchange offer pursuant to the exchange and registration rights agreements. We have not retained any dealer manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We, however, will pay the exchange agent reasonable and customary fees for their services and will reimburse them for their reasonable out-of-pocket expenses in connection with providing such services.

The cash expenses to be incurred in connection with the exchange offer will be paid by us. Such expenses include fees and expenses of The Bank of New York Mellon Trust Company, N.A. as exchange agent, accounting and legal fees and printing costs, among others.

Accounting Treatment

The new notes will be recorded at the same carrying value as the original notes as reflected in our accounting records on the date of exchange. Accordingly, no gain or loss for accounting purposes will be recognized by us. Certain expenses of the exchange offer and the unamortized expenses related to the issuance of the original notes will be amortized over the term of the notes in accordance with the applicable accounting framework.

Consequences of Failure to Exchange

Holders of original notes who are eligible to participate in the exchange offer but who do not tender their original notes will not have any further registration rights, and their original notes will continue to be subject to restrictions on transfer. Accordingly, such original notes may be resold only:

- to us, upon redemption of such original notes or otherwise,

[Table of Contents](#)

- so long as the original notes are eligible for resale pursuant to Rule 144A under the Securities Act, to a person inside the United States whom the seller reasonably believes is a qualified institutional buyer within the meaning of Rule 144A in a transaction meeting the requirements of Rule 144A,
- outside the United States to a foreign person in a transaction meeting the requirements of Rule 904 under the Securities Act,
- in accordance with Rule 144 under the Securities Act, or under another exemption from the registration requirements of the Securities Act, and based upon an opinion of counsel reasonably acceptable to us, or
- under an effective registration statement under the Securities Act,

in each case in accordance with any applicable securities laws of any state of the United States.

Regulatory Approvals

We do not believe that the receipt of any material federal or state regulatory approval will be necessary in connection with the exchange offer, other than the effectiveness of the exchange offer registration statement under the Securities Act.

Other

Participation in the exchange offer is voluntary and holders of original notes should carefully consider whether to accept the terms and condition of this exchange offer. Holders of the original notes are urged to consult their financial and tax advisors in making their own decision on what action to take with respect to the exchange offer.

DESCRIPTION OF NOTES

This description of notes relates to the 3.750% senior secured notes due 2028 (the “3.750% 2028 Notes”); 4.200% senior secured notes due 2028 (the “4.200% 2028 Notes”); and the 5.375% senior secured notes due 2047 (the “2047 Notes” and, together with the 3.750% 2028 Notes and the 4.200% 2028 Notes, the “Notes”), in each case to be issued by Charter Communications Operating, LLC and Charter Communications Operating Capital Corp. (the “Issuers” and each an “Issuer”) in exchange for a like principal amount of the original notes consisting of: \$1,000,000,000 aggregate principal amount of 3.750% Senior Secured Notes due 2028 (the “original 3.750% 2028 notes”), \$1,250,000,000 aggregate principal amount of 4.200% Senior Secured Notes due 2028 (the “original 4.200% 2028 notes”) and \$2,500,000,000 aggregate principal amount of 5.375% Senior Secured Notes due 2047 (the “original 2047 notes,” and together with the original 3.750% 2028 notes and the original 4.200% 2028 notes, the “original notes”), issued by the Issuers pursuant to a base indenture dated as of July 23, 2015, by and among the Issuers, CCO Safari II, LLC and The Bank of New York Mellon Trust Company, N.A., as trustee and as collateral agent, as supplemented by (1) a supplemental indenture, dated as of April 20, 2017, relating to the 2047 Notes, (2) a supplemental indenture, dated as of July 6, 2017, relating to the 3.750% 2028 Notes and (3) a supplemental indenture, dated as of September 18, 2017, relating to the 4.200% 2028 Notes (as so supplemented with respect to each series, the “Indenture”), by and among the Issuers, the Note Guarantors (as defined below) and The Bank of New York Mellon Trust Company, N.A., as trustee and as collateral agent. Interest on each Note will accrue from the last interest payment date on which interest was paid on the tendered original note in exchange therefor or, if no interest has been paid on such original note, from the first date original notes of such series were issued. Any original 3.750% 2028 note that remains outstanding after completion of the exchange offer, together with the 3.750% 2028 Notes, will be treated as a single class of securities under the Indenture, any original 4.200% 2028 note that remains outstanding after completion of the exchange offer, together with the 4.200% 2028 Notes, will be treated as a single class of securities under the Indenture, and any original 2047 note that remains outstanding after completion of the exchange offer, together with the 2047 Notes, will be treated as a single class of securities under the Indenture.

The 3.750% 2028 Notes, the 4.200% 2028 Notes and the 2047 Notes, respectively, are each sometimes referred to as a separate “series” of Notes. In this section, we refer to Charter Communications Operating, LLC and Charter Communications Operating Capital Corp. as the “Issuers,” and we sometimes refer to them each as an “Issuer.” We may also refer to Charter Communications Operating, LLC, including its successors, as “CCO.” Such references do not include any subsidiaries of such entities. You can find the definitions of certain terms used in this description under the subheading “—Certain Definitions.”

The following description is a summary of the material provisions of the Indenture, the Security Documents (as defined below) and the Intercreditor Agreement (as defined below). It does not restate the Indenture, the Security Documents and the Intercreditor Agreement in their entirety. We urge you to read the Indenture, the Security Documents and the Intercreditor Agreement because they, and not this description, define your rights as Holders of the Notes. The terms of the Notes will include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. Copies of the forms of Indenture, Security Documents and Intercreditor Agreement are available as set forth under “Incorporation by Reference; Additional Information.”

Brief Description of the Notes

The Notes will be:

- senior obligations of the Issuers;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Issuers (including obligations under the Credit Agreement, the Existing Secured Notes and the Issuers’ guarantees of the Existing TWC Notes);

Table of Contents

- secured by Liens on the Collateral on an equal and ratable basis with the obligations under the Credit Agreement, the Existing Secured Notes, the Issuers' guarantees of the Existing TWC Notes and any other First Lien Obligations, subject to Permitted Liens;
- effectively senior to all existing and future unsecured Indebtedness of the Issuers and any future Indebtedness of the Issuers secured by a junior Lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Notes;
- structurally subordinated to all existing and future Indebtedness and other liabilities of each subsidiary of the Issuers that does not guarantee the Notes; and
- senior in right of payment to all existing and future subordinated obligations of the Issuers.

The Notes will be guaranteed by (i) all of the Issuers' Subsidiaries that then issue or guarantee any Equally and Ratably Secured Indebtedness; and (ii) CCO Holdings, LLC.

The Note Guarantees will be:

- senior obligations of the Note Guarantors;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Note Guarantors (including guarantees of obligations under the Credit Agreement and the Existing TWC Notes);
- with respect to Subsidiary Guarantors, secured by Liens on the Collateral on an equal and ratable basis with the obligations under the Credit Agreement, the Existing Secured Notes the Existing TWC Notes or guarantees thereof and any other First Lien Obligations, subject to Permitted Liens;
- with respect to CCO Holdings, LLC, unsecured and effectively junior to any secured indebtedness of CCO Holdings, LLC to the extent of the value of the collateral securing such indebtedness;
- with respect to the Subsidiary Guarantors, effectively senior to all existing and future unsecured Indebtedness of the Subsidiary Guarantors and any future Indebtedness of the Subsidiary Guarantors secured by a junior Lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Note Guarantees of the Subsidiary Guarantors;
- with respect to the Subsidiary Guarantors, structurally subordinated to all existing and future Indebtedness and other liabilities of each subsidiary of the Subsidiary Guarantors that does not guarantee the Notes; and
- senior in right of payment to all existing and future subordinated obligations of the Note Guarantors.

Principal, Maturity and Interest

The Notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The 3.750% 2028 Notes will mature on February 15, 2028, the 4.200% 2028 Notes will mature on March 15, 2028, and the 2047 Notes will mature on May 1, 2047.

Interest on the 3.750% 2028 Notes will accrue at the rate of 3.750% per annum. Interest on the 3.750% 2028 Notes offered hereby will accrue from July 6, 2017. Interest on the 3.750% 2028 Notes will be payable semi-annually in arrears on February 15 and August 15 to Holders of record on the immediately preceding February 1 and August 1, respectively, commencing on February 15, 2018.

Interest on the 4.200% 2028 Notes will accrue at the rate of 4.200% per annum. Interest on the 4.200% 2028 Notes offered hereby will accrue from September 18, 2017. Interest on the 4.200% 2028 Notes will be payable semi-annually in arrears on March 15 and September 15 to Holders of record on the immediately preceding March 1 and September 1, respectively, commencing on March 15, 2018.

[Table of Contents](#)

Interest on the 2047 Notes will accrue at the rate of 5.375% per annum. Interest on the 2047 Notes offered hereby will accrue from November 1, 2017. Interest on the 2047 Notes will be payable semi-annually in arrears on May 1 and November 1 to Holders of record on the immediately preceding April 15 and October 15, respectively, commencing on May 1, 2018. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The Issuers may issue an unlimited principal amount of Additional Notes of any series under the Indenture. The Notes of a series and any Additional Notes of such series subsequently issued under the Indenture will be treated as a single class for all purposes of the Indenture. For purposes of this description, unless otherwise indicated, references to the Notes of a series include the Notes of such series issued on the Issue Date with respect to such series and any Additional Notes of such series subsequently issued under the Indenture.

Optional Redemption

Prior to the Par Call Date (as defined below) with respect to each series of the Notes, the Notes of such series will be redeemable, in whole or in part, at the Issuers' option, at any time or from time to time, on at least 15 days' but not more than 30 days' prior notice to each Holder of the Notes of such series to be redeemed, at a redemption price equal to 100% of the principal amount thereof plus the Applicable Premium (as defined below) plus accrued but unpaid interest to but excluding the redemption date (subject to the rights of Holders of the Notes of such series on a record date to receive the related interest payment on the related interest payment date).

"Applicable Premium" means with respect to a Note of any series the greater of (A) 1.0% of the principal amount of such Note and (B) on any redemption date, the excess (to the extent positive) of:

- (a) the present value at such redemption date of (i) 100% of the principal amount of such Note on the Par Call Date, plus (ii) all required interest payments due on such Note to and including the Par Call Date (excluding accrued but unpaid interest to the redemption date), computed upon the redemption date using a discount rate equal to the Applicable Treasury Rate at such redemption date plus (A) in the case of the 3.750% 2028 Notes, 25 basis points, (B) in the case of the 4.200% 2028 Notes, 35 basis points and (C) in the case of the 2047 Notes, 35 basis points; over
- (b) the outstanding principal amount of such Note;

in each case, as calculated by the Issuer or on behalf of the Issuers by such Person as the Issuers shall designate.

"Applicable Treasury Rate" with respect to a Note of any series means, as of any redemption date, the weekly average rounded to the nearest 1/100th of a percentage point (for the most recently completed week for which such information is available as of the date that is two Business Days prior to the redemption date) of the yield to maturity of United States Treasury securities with a constant maturity (as compiled and published in the Federal Reserve Statistical Release H.15 with respect to each applicable day during such week (or, if such statistical release is not so published or available, any publicly available source of similar market data selected by the Issuer in good faith)) most nearly equal to the period from the redemption date to the Par Call Date for such Note; *provided, however*, that if the period from the redemption date to such Par Call Date is not equal to the constant maturity of a United States Treasury security for which such an average yield is given, the Applicable Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from the redemption date to such applicable date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

"Par Call Date" means (a) with respect to the 3.750% 2028 Notes, November 15, 2027, (b) with respect to the 4.200% 2028 Notes, December 15, 2027 and (c) with respect to the 2047 Notes, November 1, 2046.

On or after the Par Call Date for the Notes of any series, the Issuers may redeem the Notes of such series, in whole or in part, at the Issuers' option, on at least 15 days, but not more than 30 days, prior notice to the

[Table of Contents](#)

registered holders thereof at a redemption price equal to 100% of the principal amount of such Notes to be redeemed plus accrued and unpaid interest on the principal amount being redeemed to, but not including, the redemption date (subject to the rights of Holders of Notes of such series on a record date to receive the related interest payment on the related interest payment date).

The Trustee shall have no responsibility for calculating the redemption price for any Note.

Unless the Issuers default in the payment of the redemption price, interest will cease to accrue on the Notes of a series or portions thereof called for redemption on the applicable redemption date. On or before the redemption date, the Issuers will deposit with the Trustee or a paying agent money sufficient to pay the redemption price of and accrued interest on the Notes to be redeemed on such date. If less than all of the Notes of a series are to be redeemed, the Notes of such series to be redeemed shall be selected in accordance with the procedures of DTC.

Any redemption or notice of any redemption may, at the Issuers' discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an equity offering, other offering, issuance of Indebtedness or other corporate transaction or event. Notice of any redemption in respect thereof may be given prior to the completion thereof and may be partial as a result of only some of the conditions being satisfied.

If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in the Issuers' discretion, the redemption date may be delayed until such time as any or all such conditions shall be satisfied (or waived by the Issuers in their sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the Issuers in their sole discretion) by the redemption date, or by the redemption date so delayed.

Release of Guarantors

The Note Guarantee of a Subsidiary Guarantor also will be released:

- (1) at the time of a Collateral Release Event;
- (2) at such time as such Subsidiary Guarantor is either: (A) not an issuer or guarantor of any item of indebtedness (whether by repayment or otherwise) and any other Equally and Ratably Secured Indebtedness and ceases (or substantially concurrently will cease) to be the guarantor of any Equally and Ratably Secured Indebtedness (or such Subsidiary Guarantor's obligations with respect to all Equally and Ratably Secured Indebtedness shall cease to exist substantially concurrently with such release of its Note Guarantee); or (B) released or relieved as an issuer or guarantor of its obligations of an item of indebtedness (whether by repayment or otherwise) and not an issuer or guarantor of any other Equally and Ratably Secured Indebtedness and ceases (or substantially concurrently will cease) to be the guarantor of any Equally and Ratably Secured Indebtedness (or such Subsidiary Guarantor's obligations with respect to all Equally and Ratably Secured Indebtedness shall cease to exist substantially concurrently with such release of its Note Guarantee);
- (3) upon the sale, disposition, exchange or transfer (including through merger, consolidation, amalgamation or otherwise) of (i) all or substantially all of the assets or (ii) any Equity Interests (including any sale, disposition or other transfer following which the applicable Subsidiary Guarantor is no longer a Subsidiary), of the applicable Subsidiary Guarantor if such sale, disposition, exchange or other transfer is made in a manner not in violation of the terms of the Indenture; or
- (4) if the Issuers exercise their legal defeasance option or their covenant defeasance option as described under "—Defeasance" or if the obligations of the Issuers under the Indenture are discharged in accordance with the terms of the Indenture.

The Note Guarantee of CCO Holdings, LLC will be released if the Issuers exercise their legal defeasance option as described under "—Defeasance" or if the Issuers' obligations under the Indenture are discharged in accordance with the terms of the Indenture.

Collateral

Assets Pledged as Collateral

On the Issue Date, the Notes will be secured by first-priority Liens, subject to Permitted Liens, in the assets of the Issuers and the Note Guarantors (other than Excluded Property), whether now owned or hereafter acquired, that secure the obligations under the Credit Agreement and any other First Lien Obligations, including:

- all Pledged Securities;
- all Intercompany Obligations;
- all Additional Collateral;
- all books, and records pertaining to the Collateral; and
- to the extent not otherwise included, all Proceeds, Supporting Obligations and products of any and all collateral security and guarantees given by any Person with respect to any of the foregoing and any Instruments evidencing the foregoing.

Excluded Property

The Collateral will exclude, and the Liens granted under the Security Documents will not attach to, certain items of property (the “Excluded Property”), including (v) any Patent or Trademark that is jointly owned by TWC and/or one or more other Grantors, on the one hand, and by a Person that is not a member of the Charter Group, on the other hand; provided, that in the event any such Patent or Trademark ceases to be jointly owned by a Person that is not a member of the Charter Group, such Patent or Trademark shall cease to constitute Excluded Property, (w) any intent-to-use trademark application to the extent and for so long as creation by a Grantor of a security interest therein would result in the loss by such Grantor of any material rights therein, until such time, if any, as a statement of use is filed and accepted, (x) any property to the extent that such grant of a security interest is prohibited by any Requirement of Law, requires a consent not obtained of any Governmental Authority pursuant to such Requirement of Law or is prohibited by, or constitutes a breach or default under or results in the termination of or requires any consent not obtained under, any contract, license, agreement (including any joint venture, partnership or limited liability company operating agreement, unless the same relates to a Wholly Owned Subsidiary), instrument or other document evidencing or giving rise to such property except to the extent that such Requirement of Law or the term in such contract, license, agreement, instrument or other document providing for such prohibition, breach, default or termination or requiring such consent is ineffective under applicable law or (y) any property that is subject to a purchase money security interest permitted by the Indenture for so long as it is subject to such security interest and in no event shall more than 66% of the total outstanding Foreign Subsidiary Voting Equity Interest of any Foreign Subsidiary constitute Collateral or be required to be pledged under the Security Documents.

In addition, the Equity Interests and indebtedness of any Subsidiary of the Company will constitute Collateral only to the extent that such Equity Interests or indebtedness can secure any series of Notes and the related Note Guarantees (or any other series of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including, without limitation, each series of Existing TWC Notes) without Rule 3-16 of Regulation S-X (or any other law, rule or regulation) requiring separate financial statements of such Subsidiary to be filed with the SEC (or any other governmental agency). In the event that Rule 3-16 of Regulation S-X requires or is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other governmental agency) of separate financial statements of any such Subsidiary due to the fact that such Subsidiary’s Equity Interests or indebtedness secures the Notes and the Note Guarantees (or any other series of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including, without limitation, each series of Existing TWC Notes), then such Equity Interests or indebtedness shall automatically be deemed not to be part of the Collateral securing the Notes and Note Guarantees and any Equally and Ratably Secured

[Table of Contents](#)

Indebtedness (but only to the extent necessary to not be subject to such requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to release the security interests on the Equity Interests or indebtedness that are so deemed to no longer constitute part of the Collateral.

In the event that Rule 3-16 of Regulation S-X is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Equity Interests or indebtedness to secure the Notes of each series and the Note Guarantees (or any other series of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including, without limitation, each series of Existing TWC Notes) in excess of the amount then pledged without the filing with the SEC (or any other governmental agency) of separate financial statements of any such Subsidiary, then the Equity Interests or indebtedness of such Subsidiary shall automatically be deemed to be a part of the Collateral securing the Notes and Note Guarantees and any Equally and Ratably Secured Indebtedness (but only to the extent such Subsidiary would not be subject to any such financial statement requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to subject to the Liens under the Security Documents such additional Equity Interests or indebtedness.

In accordance with the limitations set forth in the two immediately preceding paragraphs, Rule 3-16 of Regulation S-X currently provides that the maximum value of such Equity Interests or indebtedness (on an entity-by-entity basis) is less than 20% of the aggregate principal amount of any class of debt securities registered with the SEC that are secured thereby (with each series of Notes and each series of Existing TWC Notes being a separate class for such purpose). The applicable value of the Equity Interests of any entity is deemed to be the greatest of its par value, book value or market value. The portion of the Equity Interests and indebtedness of the Subsidiaries constituting Collateral securing the Notes and the related Note Guarantees may decrease or increase as the value of such Equity Interests changes as described above (but not, for the avoidance of doubt, above the maximum percentage of such Equity Interests required to be pledged as Collateral).

Sufficiency of Collateral

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the Issuers and the Guarantors industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and other factors. The amount to be received upon a sale of the Collateral would also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the Holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below. See "Risk Factors—Risks Related to Our Indebtedness, the Exchange Offer and the Notes—Rights of the holders of the notes in the collateral securing the notes may be adversely affected by bankruptcy proceedings and the holders of the notes may not be entitled to post-petition interest in any bankruptcy proceeding."

Foreclosure

Upon the occurrence and during the continuance of an Event of Default, subject to the terms of the Intercreditor Agreement, the Security Documents will provide for (among other available remedies) the foreclosure upon and sale of the Collateral by the Collateral Agent and the distribution of the net proceeds of any such sale to the Holders and the lenders under the Credit Agreement and any other First Lien Obligations on a *pro rata* basis, subject to any prior Liens on the Collateral. In the event of foreclosure on the Collateral, the proceeds from the sale of the Collateral may not be sufficient to satisfy in full the Issuers' obligations under the Notes.

Certain Bankruptcy Limitations

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired by applicable bankruptcy law in the event that a bankruptcy case were to be commenced by or against the Issuers or the Note Guarantors prior to the Collateral Agent having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the Bankruptcy Code, a secured creditor such as the Trustee is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from the debtor, without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Collateral Agent could repossess or dispose of the Collateral, the value of the Collateral at the time of the bankruptcy petition or whether or to what extent Holders would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of the security is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the security. See "Risk Factors—Risks Related to Our Indebtedness, the Exchange Offer and the Notes—Rights of the holders of the notes in the collateral securing the notes may be adversely affected by bankruptcy proceedings and the holders of the notes may not be entitled to post-petition interest in any bankruptcy proceeding."

Furthermore, in the event a bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders would hold secured claims to the extent of the value of the Collateral to which the Holders are entitled and unsecured claims with respect to such shortfall.

Release

The Indenture will provide that Liens on the Collateral will be automatically released with respect to the Notes:

- (1) with respect to any series of Notes, in whole, upon payment in full of the principal of, accrued and unpaid interest and premium, if any, on the Notes of such series;
- (2) with respect to any series of Notes, in whole, upon satisfaction and discharge of the Indenture with respect to such Notes;
- (3) with respect to any series of Notes, in whole, upon a legal defeasance or covenant defeasance with respect to such Notes as set forth under "—Defeasance";
- (4) as to any property or asset constituting Collateral that is sold or otherwise disposed of by the Issuers or any Note Guarantor in a transaction not prohibited by the Indenture at the time of such sale or disposition;
- (5) as to any property or assets constituting Collateral owned by a Note Guarantor that is released from its Note Guarantee in accordance with the Indenture;
- (6) with respect to any series of Notes, in whole or in part, with the consent of Holders of the requisite percentage of Notes of such series in accordance with the provisions described below under the caption "—Amendments and Waivers";
- (7) to the extent required in accordance with the applicable provisions of the Security Documents and the Intercreditor Agreement;
- (8) in whole, upon a Collateral Release Event;
- (9) in accordance with clause (b) and (d) of the covenant described under "—Certain Covenants—Limitation on Liens"; and

Table of Contents

- (10) as to any Collateral at such time as such Collateral (A) no longer secures indebtedness previously secured and does not secure any Equally and Ratably Secured Indebtedness (or such Collateral will no longer secure any Equally and Ratably Secured Indebtedness substantially concurrently with such release of Liens on such Collateral) or (B) does not secure any Equally and Ratably Secured Indebtedness (or such Collateral will no longer secure any Equally and Ratably Secured Indebtedness substantially concurrently with such release of Liens on such Collateral),

provided, however, that, in the case of any release in whole pursuant to clauses (1), (2) or (3) above, all amounts owing to the Trustee under the Indenture with respect to such series of Notes have been paid or duly provided for.

Upon compliance by the Issuers with the conditions precedent set forth above, and delivery to the Trustee of an Officers' Certificate and Opinion of Counsel, the Trustee or the Collateral Agent shall promptly execute and deliver such documents and other instruments and make or authorize the making of such filings and registrations as may be requested and provided by the Issuers to evidence the release and reconveyance to the Issuers or the applicable Note Guarantor of the applicable Collateral.

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act in connection with obtaining the release of Collateral may be made by an Officer of CCO, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary in this "Description of Notes" section, the Issuers and its Subsidiary Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine in good faith, based on the advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including "no action" letters or exemptive orders, all or the relevant portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral.

Control over Common Collateral and Enforcement of Liens

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default under the Indenture:

- is subject to the provisions of the Intercreditor Agreement;
- in the case of assets that are subject to Permitted Liens, is subject to the terms of the agreements governing those Permitted Liens;
- with respect to any Collateral, is likely to be significantly impaired by applicable bankruptcy law if a bankruptcy case were to be commenced by or against the Issuers or a Note Guarantor prior to the Collateral Agent having repossessed and disposed of the Collateral; and
- in the case of Collateral constituting real property, could also be significantly impaired by restrictions under applicable law.

If the net proceeds of any of the Collateral were not sufficient to repay all amounts due on the Notes and the Indenture, the Holders (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the remaining assets of the Issuers and the Note Guarantors.

Intercreditor Arrangements

The Collateral Agent, on behalf of the Trustee and the Holders of Notes, and the Administrative Agent, on behalf of the secured parties under the Credit Agreement and the Existing TWC Notes, are parties to the Intercreditor Agreement. Any future holders of other First Lien Obligations will be represented by their collateral

Table of Contents

agent which will become party to the Intercreditor Agreement as their authorized representative (together with the Collateral Agent and the Administrative Agent, each, an “Authorized Representative”). The Intercreditor Agreement provides for the priorities and other relative rights among the Holders of the Notes, the holders of the obligations under the Credit Agreement and the Existing TWC Notes and the holders of any other First Lien Obligations, including, among other things, that:

- (1) notwithstanding the date, time, method, manner or order of grant, attachment or perfection of any Lien on the Collateral securing the Notes, the obligations under the Credit Agreement and the Existing TWC Notes and any other First Lien Obligations, the Liens securing all such Indebtedness shall be of equal priority as among the parties to the Intercreditor Agreement subject to the provisions described below with respect to Impairments;
- (2) if an event of default has occurred and is continuing under any First Lien Obligations, and any Authorized Representative for, or holder of, First Lien Obligations is taking action to enforce rights or exercise remedies in respect of any Collateral, or receives any payment with respect to the Collateral under any other intercreditor agreement, or any distribution is made with respect to any Collateral in any insolvency or liquidation proceeding of the Issuers or any Note Guarantor, then the proceeds of any sale, collection or other liquidation of any such Collateral by the Collateral Agent, such Authorized Representative or any holders of such First Lien Obligations, as the case may be, will be applied, subject to the provisions below with respect to Impairments:
 - first, to the payment of all amounts owing to each Authorized Representative (as hereinafter defined) (in each case, in its capacity as such) pursuant to the terms of any documents governing First Lien Obligations;
 - second, on a ratable basis, to amounts owing to (1) the holders of the obligations under the Credit Agreement and the Existing TWC Notes, (2) the Holders of the Notes and the Trustee (for allocation in accordance with the terms of the Indenture) and (3) the holders of any other First Lien Obligations; and
 - third, after payment in full of all First Lien Obligations, allocated to the Issuers and the Note Guarantors or as a court of competent jurisdiction may direct; and
- (3) the obligations in respect of the Notes, the Credit Agreement and any other First Lien Obligations may be increased, extended, renewed, replaced, restated, supplemented, restructured, refunded, refinanced or otherwise amended from time to time, in each case, to the extent permitted by the Indenture, the Credit Agreement and the documents governing such other First Lien Obligations, without affecting the Lien priority or relative rights of the holders of First Lien Obligations.

The Intercreditor Agreement also provides that only the Applicable Authorized Representative (as defined below) has the right to exercise, or refrain from exercising, any right or remedies and take any other actions with respect to the Collateral. The “Applicable Authorized Representative” shall be the Administrative Agent until the earlier of the date no obligations under the Credit Agreement are secured by the Collateral and the Non-Controlling Authorized Representative Enforcement Date and, thereafter, the Authorized Representative of the series of First Lien Obligations (other than any Existing TWC Notes) representing the largest principal amount outstanding of any then outstanding series of First Lien Obligations (such Authorized Representative, the “Major Non-Controlling Authorized Representative”). For purposes of the forgoing, the Notes will be deemed to be a single “series” of First Lien Obligations.

The “Non-Controlling Authorized Representative Enforcement Date” means, with respect to any representative of First Lien Obligations that is not the Applicable Authorized Representative (each, a “Non-Controlling Authorized Representative”) in respect of any Collateral, the date that is 90 days (throughout which 90-day period such Non-Controlling Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default with respect to the First Lien Obligations for which such Non-Controlling Authorized Representative is the Authorized Representative and (b) the Collateral

[Table of Contents](#)

Agent's and each other Authorized Representative's receipt of written notice from such Non-Controlling Authorized Representative stating that (i) such Non-Controlling Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default with respect to the First Lien Obligations for which such Non-Controlling Authorized Representative is the Authorized Representative has occurred and is continuing and (ii) the First Lien Obligations with respect to which such Non-Controlling Authorized Representative is the Authorized Representative are currently due and payable in full (whether as a result of acceleration thereof or otherwise); *provided, however*, that the Non-Controlling Authorized Representative Enforcement Date shall be stayed and shall not occur (and shall be deemed not to have occurred for all purposes hereof) (A) at any time the Applicable Authorized Agent has commenced and is diligently pursuing any enforcement action with respect to such Collateral or (B) at any time the applicable Issuer or the applicable Note Guarantor that has granted a security interest in such Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

The Applicable Authorized Agent shall not be required to follow any instructions or directions with respect to the Collateral from any Non-Controlling Authorized Representative. No Authorized Representative or other holder of any First Lien Obligations (other than the Applicable Authorized Representative) will commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Collateral, it being agreed that only the Applicable Authorized Representative shall be entitled to take any such actions or exercise any such rights, remedies and powers with respect to the Collateral.

Notwithstanding the equal priority of the Liens as among the parties to the Intercreditor Agreement, the Applicable Authorized Representative may deal with the Collateral as if the Applicable Authorized Representative had a senior Lien on such Collateral. No Non-Controlling Authorized Representative or other holder of First Lien Obligations may contest, protest or object to any foreclosure proceeding or action brought by Applicable Authorized Representative. The Collateral Agent and each other Authorized Representative will agree that they and the holders of the First Lien Obligations they represent will not challenge or contest or support any other Person in challenging or contesting, in any proceeding (including any insolvency or liquidation proceeding), (a) the validity, attachment, creation, perfection, priority or enforceability of a Lien held by or on behalf of any other holder of First Lien Obligations in the Collateral, (b) the validity, enforceability or effectiveness of any First Lien Obligations or the related security documents or (c) any of the provisions of the Intercreditor Agreement.

None of the holders of First Lien Obligations will be entitled to institute any suit or proceeding, or assert in any suit or proceeding any claim, against the Collateral Agent or any other holder of First Lien Obligations seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Collateral. In addition, none of the holders of First Lien Obligations will be entitled to have any Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral; *provided, however*, that nothing in the Intercreditor Agreement shall be construed to prevent or impair the rights of any Authorized Representative or any holder of First Lien Obligations to enforce the Intercreditor Agreement. If any holder of First Lien Obligations obtains possession of any Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the discharge of each of the other First Lien Obligations, then it must hold such Collateral, proceeds or payment in trust for the other holders of First Lien Obligations having a security interest in such Collateral and promptly transfer such Collateral, proceeds or payment to the Collateral Agent to be distributed in accordance with the provisions described above.

Notwithstanding the foregoing, with respect to any Collateral on which a third party (other than a holder of First Lien Obligations) has a Lien that is junior in priority to the Lien of any First Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the Lien of any other First Lien Obligations (such third party, an "Intervening Creditor"), the value of any Collateral or proceeds which are

Table of Contents

allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Collateral or proceeds to be distributed in respect of the First Lien Obligations with respect to which such impairment exists. Additionally, if a court of competent jurisdiction determines that any series of First Lien Obligations is not enforceable or that the Liens securing such series of First Lien Obligations are not valid and properly perfected, the holders of such series of First Lien Obligations (and not the holders of any other series of First Lien Obligations) shall bear the consequences thereof and distributions described above will be adjusted accordingly. The provisions described above with respect to Intervening Creditors and determinations of unenforceability that result in a series of First Lien Obligations receiving lesser distributions than other series of First Lien Obligations from the Collateral are referred to herein as “Impairments” with respect to such series of First Lien Obligations.

Under the Intercreditor Agreement, if at any time the Applicable Authorized Representative forecloses upon or otherwise exercises remedies against any Collateral, then (whether or not any insolvency or liquidation proceeding is pending at the time) the Liens in favor of the Collateral Agent for the benefit of the Trustee and the Holders of the Notes and each other series of First Lien Obligations upon such Collateral will automatically be released and discharged. However, any proceeds of any Collateral realized therefrom will be applied in accordance with the terms of the Intercreditor Agreement. In addition, if the Liens on any Collateral securing the Credit Agreement are released, all of the Liens on such Collateral securing the Notes will also be released to the extent that the Liens on such Collateral securing all other Equally and Ratably Secured Indebtedness are released.

Each Authorized Representative of any series of First Lien Obligations, for itself and on behalf of the holders of First Lien Obligations of such series, will agree that, if the Issuers or any of the Note Guarantors becomes subject to a bankruptcy case and, as debtor-in-possession, moves for approval of financing (“DIP Financing”) to be provided by one or more lenders (the “DIP Lenders”) under Section 364 of the Bankruptcy Code or the use of cash collateral under Section 363 of the Bankruptcy Code, none of the holders of First Lien Obligations will be entitled to raise any objection to any such financing or to the Liens or court ordered charges, if applicable, on the Collateral securing any such financing (“DIP Financing Liens”) or to any use of cash collateral that constitutes Collateral, in each case unless the Applicable Authorized Representative shall then oppose or object to such DIP Financing or such DIP Financing Liens or such use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Collateral for the benefit of the holders of First Lien Obligations represented by the Applicable Authorized Representative, each holder of First Lien Obligations not represented by the Applicable Authorized Representative will subordinate its Liens with respect to such Collateral on the same terms as the Liens of the holders of First Lien Obligations represented by the Applicable Authorized Representative (other than any such Liens constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that such DIP Financing Liens rank pari passu with the Liens on any such Collateral granted to secure the First Lien Obligations of the holders of First Lien Obligations represented by the Applicable Authorized Representative, each holder of First Lien Obligations not represented by the Applicable Authorized Representative will confirm the priorities with respect to such Collateral as set forth in the Intercreditor Agreement), in each case so long as:

- (1) the holders of First Lien Obligations retain the benefit of their Liens on all such Collateral subject to the DIP Financing Liens, including proceeds thereof arising after the commencement of the bankruptcy case, with such Liens having the same priority with respect to Liens of the holders of any other First Lien Obligations (other than any such Liens constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case;
- (2) the holders of First Lien Obligations are granted Liens on any additional collateral provided to the holders of any other First Lien Obligations as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with such Liens having the same priority with respect to Liens of the holders of any other First Lien Obligations (other than any such Liens constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case;
- (3) if any amount of such DIP Financing or cash collateral is applied to repay any First Lien Obligations, such amount is applied in accordance with the provisions described above with respect to distributions from proceeds of Collateral; and

Table of Contents

- (4) if the holders of First Lien Obligations are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection are applied in accordance with the provisions described above with respect to distributions from proceeds of Collateral,

provided, however, that the holders of First Lien Obligations will have a right to object to the grant, as security for the DIP Financing, of a Lien on any assets subject to Liens in favor of holders of such First Lien Obligations that shall not constitute Collateral; and *provided further*, that any holder of First Lien Obligations receiving adequate protection granted in connection with the DIP Financing or such use of cash collateral shall not object to any other holder of First Lien Obligations receiving adequate protection comparable to any such adequate protection granted to such holder of First Lien Obligations. All holders of First Lien Obligations shall acknowledge that the First Lien Obligations may, subject to the limitations set forth in the Security Documents, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the Intercreditor Agreement defining the relative rights of the holders of First Lien Obligations.

Certain Covenants

Limitation on Liens

- (a) CCO will not, and will not permit any of its Material Subsidiaries to, directly or indirectly, Incur any Lien on any of its assets (including Equity Interests of a Subsidiary), whether owned at the Issue Date or thereafter acquired, securing Indebtedness for Borrowed Money, other than Permitted Liens, without effectively providing that the Notes shall be secured, equally and ratably, on such assets of CCO or such Material Subsidiary with (or prior to) the Indebtedness for Borrowed Money so secured for so long as such Indebtedness for Borrowed Money is so secured.
- (b) Any Lien created for the benefit of the Holders of the Notes pursuant to clause (a) immediately above shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that gave rise to such Lien created for the benefit of the Holders of the Notes.
- (c) Additionally, prior to a Collateral Release Event, CCO will not, and will not permit any Subsidiary to, directly or indirectly, Incur any Lien on any of its properties (including Equity Interests of a Subsidiary), whether owned at the Issue Date or thereafter acquired, to secure Equally and Ratably Secured Indebtedness without effectively providing that the Notes shall be secured equally and ratably on the assets of CCO or such Subsidiary with the Equally and Ratably Secured Indebtedness so secured for so long as such Indebtedness for Borrowed Money is so secured.
- (d) Any Lien created for the benefit of the Holders of the Notes pursuant to clause (c) immediately above will provide by its terms that such Lien will be automatically and unconditionally released and discharged upon the release and discharge of the Lien that gave rise to such Lien created for the benefit of the Holders of the Notes.
- (e) This covenant requires only equal and ratable treatment in the application of proceeds of collateral and does not require that the Trustee have any ability to control the Collateral or the enforcement of remedies.
- (f) The reference to assets in clause (a) above means the assets of CCO or any Material Subsidiary at the time of Incurrence of the Lien.

Merger and Consolidation

CCO will not consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, directly or indirectly, all or substantially all its assets to, any Person (other than a Subsidiary Guarantor), unless:

- (1) the resulting, surviving or transferee Person (the “Successor Company”) shall be a Person organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company (if not CCO) shall expressly assume, by an indenture supplemental thereto, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of CCO under the Notes and the Indenture and the Successor Company (if not CCO) shall, by supplement to the security documents, assume all obligations of CCO under the Security Documents and make;
- (2) immediately after giving pro forma effect to such transaction, no Default shall have occurred and be continuing; and
- (3) CCO shall have delivered to the Trustee an Officers’ Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the requirements of the Indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of CCO, which properties and assets, if held by CCO instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of CCO on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of CCO.

The Successor Company will be the successor to CCO and shall succeed to, and be substituted for, and may exercise every right and power of, CCO under the Indenture, and the predecessor company, except in the case of a lease, shall be released from its obligations under the Indenture, any Security Documents and the Intercreditor Agreement, including the obligation to pay the principal of and interest on the Notes.

For the avoidance of doubt, this covenant will not apply to transactions by and among CCO and its Subsidiaries.

Future Subsidiary Guarantors

Prior to the occurrence of a Collateral Release Event, CCO will cause any Subsidiary (other than the Issuer) that is an obligor of, or issues a Guarantee with respect to, any Equally and Ratably Secured Indebtedness, to, in each case, within 15 days, (1) execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Subsidiary will Guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture and (2) grant a Lien on its property and assets for the benefit of the Holders and the Trustee, to the extent required pursuant to the covenant described under “—Limitation on Liens.”

Reports

CCO shall file with the Trustee, and transmit to Holders, such information, documents and other reports, and such summaries thereof, as may be required pursuant to the Trust Indenture Act at the times and in the manner provided pursuant to such Act; provided that any such information, documents or reports required to be filed with the Securities and Exchange Commission (the “SEC”) pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended, shall be filed with the Trustee within 15 days after the same is so required to be filed with the SEC. CCO shall also comply with the other provisions of Trust Indenture Act Section 314(a). Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee’s receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company’s compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officers’ Certificates).

Table of Contents

With respect to any original notes that have not been exchanged for notes in a transaction registered under the Securities Act of 1933, as amended, CCO shall provide the Trustee and the Holders of the Notes with (i) annual consolidated financial statements of CCO audited by CCO's independent public accountants within 90 days after the end of each Fiscal Year of CCO and (ii) unaudited quarterly consolidated financial statements (including a balance sheet, income statement and cash flow statement for the fiscal quarter or quarters then ended and the corresponding fiscal quarter or quarters from the prior year) within 45 days of the end of each of the first three fiscal quarters of each Fiscal Year of CCO. Such annual and quarterly financial statements will be prepared in accordance with GAAP.

Notwithstanding anything to the contrary set forth above, for so long as the Issuers are direct or indirect majority-owned subsidiaries of any Parent (or other Person which, directly or indirectly, owns a majority of the outstanding common equity interests of CCO), if such Parent (or other Person which, directly or indirectly, owns a majority of the outstanding common equity interests of CCO) has furnished the Holders of the Notes or filed electronically with the SEC the reports described in the preceding paragraphs with respect to such Parent (or other Person which, directly or indirectly, owns a majority of the outstanding common Equity Interests of CCO) and such reports include a brief explanation (or such explanation is otherwise made available to the Holders) of the material differences between the financial statements of such Parent and that of CCO, then the Issuers shall be deemed to be in compliance with this covenant.

Any information filed with the SEC and available at www.sec.gov or made available on any Parent's website shall be deemed transmitted, filed and delivered as required under this covenant.

Events of Default

Each of the following is an Event of Default with respect to a series of Notes:

- (1) a default in the payment of interest on the Notes of such series when due, continued for 30 days;
- (2) a default in the payment of principal of any Note of such series when due at maturity, upon optional redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Issuers or any Note Guarantor to comply for 90 days after notice with its covenants or other agreements (other than those described in clauses (1) and (2) above) contained in the Indenture;
- (4) certain events of bankruptcy, insolvency or reorganization of the Issuers or any Subsidiary Guarantor that is a Significant Subsidiary (or group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary) (the "bankruptcy provisions");
- (5) any Note Guarantee of any Subsidiary Guarantor that is a Significant Subsidiary (or Note Guarantees of any group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary) ceases to be in full force and effect (other than in accordance with the terms of such Note Guarantee and/or the Indenture) or any Note Guarantor denies or disaffirms its obligations under its Note Guarantee; and
- (6) a material portion of the Collateral ceases to be subject to the Liens of the Security Documents (other than in accordance with the terms of the Indenture and the Security Documents) or any Issuer or Guarantor denies or disaffirms its obligations under the Security Documents to which it is party.

However, a default under clause (3) will not constitute an Event of Default with respect to the Notes of such series until the Trustee or the Holders of 30% in principal amount of the outstanding Notes of such series notify the Issuers of the default and the Issuers do not cure such default within the time specified after receipt of such notice.

If an Event of Default with respect to the Notes of a series occurs and is continuing, the Trustee or the Holders of at least 30% in principal amount of the outstanding Notes of such series may declare the principal of

[Table of Contents](#)

and accrued but unpaid interest on all the Notes of such series to be due and payable. Upon such a declaration, such principal and interest shall be due and payable immediately. If an Event of Default relating to the bankruptcy provisions (with respect to CCO) occurs and is continuing, the principal of and interest on all the Notes will *ipso facto* become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holders of the Notes. Under certain circumstances, the Holders of a majority in principal amount of the outstanding Notes of a series may rescind any such acceleration with respect to the Notes of such series and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture or the Security Documents at the request or direction of any of the Holders of the Notes of a series unless such Holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Subject to the Intercreditor Agreement, except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a Note of a series may pursue any remedy with respect to the Indenture or the Notes of such series unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the outstanding Notes of such series have requested the Trustee to pursue the remedy;
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the outstanding Notes of such series have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to the terms of the Intercreditor Agreement and certain other restrictions, the Holders of a majority in principal amount of the outstanding Notes of a series are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee with respect to the Notes of such series. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note of such series or that would involve the Trustee in personal liability.

If a Default occurs, is continuing and is known to the Trustee, the Trustee must transmit to each Holder of the Notes of each series to which such Default applies notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any Note, the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is not opposed to the interest of the Holders of the Notes. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each Fiscal Year of CCO, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults.

Amendments and Waivers

Subject to certain exceptions, the Indenture, the Intercreditor Agreement and the Security Documents may be amended with respect to the Notes of a series with the consent of the Holders of a majority in principal amount of the Notes of such series then outstanding (including consents obtained in connection with a tender offer or exchange offer for the Notes of such series) and any past Default or compliance with any provisions may also be waived with the consent of the Holders of a majority in principal amount of the Notes of such series then

Table of Contents

outstanding. However, without the consent of each Holder of an outstanding Note of a series affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of Notes whose Holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any such Note;
- (3) reduce the principal of or change the maturity date of any such Note;
- (4) change the provisions applicable to the redemption of any such Note as described under “—Optional Redemption” (other than the timing for the notice of redemption);
- (5) make any such Note payable in money other than that stated in the Note;
- (6) impair the right of any Holder of such Notes to receive payment of principal of and interest on such Holder’s Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder’s Notes; provided, however, that an acceleration of such Notes may be rescinded and any payment default that resulted from such acceleration may be waived by the Holders of at least the percentage of aggregate principal amount of the Notes of such series required to amend the covenant or provision contained in the Indenture or any Note Guarantee, the breach of which resulted in such acceleration; or
- (7) make any change in the amendment provisions which require each Holder’s consent or in the waiver provisions.

Notwithstanding the preceding, without the consent of the Holders of at least 66 ²/₃% in aggregate principal amount of the Notes of a series then outstanding, no amendment or waiver may make any change in any Security Document, the Intercreditor Agreement or the provisions in the Indenture dealing with Collateral or application of trust proceeds of the Collateral with the effect of releasing the Liens securing the Obligations in respect of the Notes of such series on all or substantially all of the Collateral.

Notwithstanding the preceding, without the consent of any Holder of the Notes, the Issuers and the Trustee may amend the Indenture, the Intercreditor Agreement, any Note Guarantee or the Security Documents:

- (1) to cure any ambiguity, mistake, omission, defect or inconsistency;
- (2) to provide for the assumption by a successor Person of the obligations of the Issuers or any Note Guarantor under the Indenture or the Security Documents;
- (3) to provide for uncertificated Notes in addition to or in place of certificated Notes (provided that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) to add Guarantees with respect to the Notes or to add additional Collateral to secure the Notes and the Note Guarantees;
- (5) to add to the covenants of the Issuers or any Note Guarantor for the benefit of the Holders of the Notes or to surrender any right or power conferred upon the Issuers or any Note Guarantor;
- (6) to make any change that does not adversely affect the rights of any Holder;
- (7) to conform the text of the Indenture, the Notes, any Note Guarantee, the Intercreditor Agreement or any Security Document to any provision of this “Description of Notes”;
- (8) to make any amendment to the provisions of the Indenture relating to the transfer and legending of Notes; provided, however, that (a) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any other applicable securities law and (b) such amendment does not materially and adversely affect the rights of Holders to transfer Notes;
- (9) to release Collateral from the Lien securing the Notes when permitted or required by the Security Documents, the Indenture or the Intercreditor Agreement;

Table of Contents

- (10) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof;
- (11) to issue exchange notes and related Note Guarantees as provided for in the applicable registration rights agreement relating to the Notes; or
- (12) to release a Note Guarantor pursuant to the terms of the Indenture.

The consent of the Holders of the Notes is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Indenture becomes effective, the Issuers are required to transmit to Holders of the Notes a notice briefly describing such amendment. However, the failure to give such notice to all Holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Transfer

The Notes will be issued in registered form and will be transferable only upon the surrender of the Notes being transferred for registration of transfer. The Issuers may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Satisfaction and Discharge

When (1) the Issuers deliver to the Trustee all outstanding Notes of a series for cancellation or (2) all outstanding Notes of a series have become due and payable, whether at maturity or on a redemption date as a result of the transmitting of a notice of redemption, and, in the case of clause (2), the Issuers irrevocably deposit with the Trustee money, U.S. Government Obligations or any combination thereof sufficient to pay at maturity or upon redemption all outstanding Notes of such series, including interest thereon to maturity or such redemption date, and if in either case the Issuers pay all other sums payable under the Indenture by us with respect to such series of Notes, then the Indenture shall, subject to certain exceptions, cease to be of further effect with respect to that series of Notes.

Defeasance

At any time, Issuers may terminate all their obligations under the Indenture with respect to a series of Notes (“legal defeasance”), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes of such series, to replace mutilated, destroyed, lost or stolen Notes of such series, and to maintain a registrar and paying agent in respect of the Notes of such series.

In addition, at any time the Issuers may, with respect to a series of Notes, terminate their obligations under the covenants described under “—Certain Covenants” (other than the covenant described under the subheading “—Merger and Consolidation”), and the operation of the bankruptcy provisions with respect to Subsidiary Guarantors and the security default provision described under “—Events of Default” above (“covenant defeasance”).

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option with respect to a series of Notes, payment of the Notes of such series may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option with respect to a series of Notes, payment of the Notes of such series may not be accelerated because of an Event of Default specified in clause (3), (4) (with respect only to Subsidiary Guarantors) or (5) under “—Events of Default” above. If the Issuers exercise their legal defeasance option or their covenant defeasance option with respect to a series of Notes, each Note Guarantor will be released from all of its obligations with respect to its Note Guarantee and the Security Documents related to such series of Notes.

[Table of Contents](#)

In order to exercise either of the Issuers' defeasance options with respect to a series of Notes, the Issuers must irrevocably deposit in trust (the "defeasance trust") with the Trustee money, U.S. Government Obligations or any combination thereof for the payment of principal and interest on the Notes of such series to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of (1) an Opinion of Counsel to the effect that Holders of the Notes of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable federal income tax law) and (2) an Opinion of Counsel in the jurisdiction of organization of the Issuers (if other than the United States) to the effect that Holders of the Notes of such series will not recognize income, gain or loss for income tax purposes of such jurisdiction as a result of such deposit and defeasance and will be subject to income tax of such jurisdiction on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred.

Concerning the Trustee

The Bank of New York Mellon Trust Company, N.A. is the Trustee under the Indenture. The Issuers have appointed The Bank of New York Mellon Trust Company, N.A. as registrar and paying agent with regard to the Notes.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuers, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest it must either eliminate such conflict within 90 days or resign.

The Holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of Notes, unless such Holder shall have offered to the Trustee security or indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of an Issuer or any Note Guarantor or any of their parent companies or subsidiaries will have any liability for any obligations of the Issuers or any Note Guarantor under the Notes, any Note Guarantee, any Security Document, the Intercreditor Agreement or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The Indenture, the Intercreditor Agreement, the Notes and (subject to certain exceptions) the Security Documents will be governed by, and construed in accordance with, the laws of the State of New York.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax considerations relating to the exchange of original notes for new notes in the exchange offer. It does not contain a complete analysis of all the potential tax considerations relating to the exchange. This summary is limited to holders of original notes who hold the original notes as “capital assets” within the meaning of Section 1221 of the United States Internal Revenue Code of 1986, as amended (the “Code”) (in general, assets held for investment). Special situations, such as the following, are not addressed:

- tax consequences to holders who may be subject to special tax treatment under U.S. federal income tax law, including, without limitation, U.S. expatriates, tax-exempt entities, dealers in securities or currencies, banks, other financial institutions, insurance companies, real estate investment trusts or regulated investment companies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or corporations that accumulate earnings to avoid United States federal income tax;
- tax consequences to persons holding notes as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;
- tax consequences to holders whose “functional currency” is not the United States dollar;
- tax consequences to persons who hold notes through a partnership or similar pass-through entity;
- United States federal gift tax, estate tax, the Medicare contribution tax with respect to net investment income or alternative minimum tax consequences, if any; or
- any state, local or non-United States tax consequences.

The discussion below is based upon the provisions of the Code, existing and proposed Treasury regulations promulgated thereunder, and rulings, judicial decisions and administrative interpretations thereunder, as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those discussed below.

Consequences of Tendering Original Notes

The exchange of your original notes for new notes in the exchange offer should not constitute an exchange for United States federal income tax purposes because the new notes should not be considered to differ materially in kind or extent from the original notes. Accordingly, the exchange offer should have no United States federal income tax consequences to you if you exchange your original notes for new notes. For example, there should be no change in your tax basis and your holding period should carry over to the new notes. In addition, the United States federal income tax consequences of holding and disposing of your new notes should be the same as those applicable to your original notes.

THE PRECEDING DISCUSSION OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS OF THE EXCHANGE OFFER IS FOR GENERAL INFORMATION ONLY AND IS NOT A SUBSTITUTE FOR TAX ADVICE. ACCORDINGLY, EACH HOLDER SHOULD CONSULT ITS OWN TAX ADVISOR AS TO PARTICULAR TAX CONSEQUENCES TO IT OF EXCHANGING ORIGINAL NOTES FOR NEW NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF ANY STATE, LOCAL OR FOREIGN TAX LAWS, AND OF ANY PROPOSED CHANGES IN APPLICABLE LAWS.

PLAN OF DISTRIBUTION

A broker-dealer that is the holder of original notes that were acquired for the account of such broker-dealer as a result of market-making or other trading activities, other than original notes acquired directly from us or any of our affiliates may exchange such original notes for new notes pursuant to the exchange offer. This is true so long as each broker-dealer that receives new notes for its own account in exchange for original notes, where such original notes were acquired by such broker-dealer as a result of market-making or other trading activities acknowledges that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for original notes where such original notes were acquired as a result of market-making activities or other trading activities. We have agreed that for a period of 180 days after consummation of the exchange offer or such time as any broker-dealer no longer owns any registrable securities, we will make this prospectus, as it may be amended or supplemented from time to time, available to any broker-dealer for use in connection with any such resale. All dealers effecting transactions in the new notes will be required to deliver a prospectus.

We will not receive any proceeds from any sale of new notes by broker-dealers or any other holder of new notes. New notes received by broker-dealers for their own account in the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an “underwriter” within the meaning of the Securities Act, and any profit on any such resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of instruction states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

For a period of 180 days after consummation of the exchange offer (or, if earlier, until such time as any broker-dealer no longer owns any registrable securities), we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that reasonably requests such documents. We have agreed to pay all expenses incident to the exchange offer and to our performance of, or compliance with, the exchange and registration rights agreements (other than commissions or concessions of any brokers or dealers) and will indemnify the holders of the notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

The validity of the new notes offered in this prospectus will be passed upon for the Issuers by Kirkland & Ellis, LLP.
